TESTIMONY TO START TODAY IN THE MURDER TRIAL OF EDWARD J. COOK, AT DOYLESTOWN; JURY VISITS SCENE OF SHOOTING OF WILFRED DAVID, BRISTOL TWP., YESTERDAY

Court Room is Practically Deserted Except for Those Required to Attend

2 ALTERNATE JURORS

An Argument Over Cook's Wife Said to Have Been Cause of Fatal Shooting

DOYLESTOWN, May 1 — The hearing of witnesses in the Edward John Cook murder trial is scheduled to begin today in Bucks County Criminal Court. Cook, 39, of 3400 Hartnell avenue, Philadelphia, and a former resident of Bristol, is charged with the murder of Wilfred H. David, 40, Gloucester, N. J. The fatal shooting took place at the plant of Seaboard Container Corp., in Bristol township, Sept. 1, 1950.

Arguments over Cook's wife are said to have been the cause of the fatal shooting. David died July 21, 1951 in Jefferson Hospital, Philadelphia.

The jury visited the scene of the fatal shooting yesterday afternoon after the selection of two alternates, which completed the jury panel.

The two alternate jurors selected are Walter Scott, retired, Newtown; Ella Stock, housewife, Parkland.

Men and women jurors who were either excused or challenged Tuesday were as follows:

Harold W. Hartman, Quakertown, RD 2; Kathryn Ross, Bristol, RD 1; Flora McNair, Chalfont, RD; Agnes Bonnel, Langhorne, RD; Joseph Fallon, Bristol; Jane Schweitzer, Croydon; Verna L. Gephart, Telford; Grace Stoneback, Quakertown; Harding Longcope, Perkasie, RD 3; Joseph E. Otto, Cornwells Heights; Francis Frankenfield, Upper Black Eddy; John T. Baron, Bristol; Albert Miller, Perkasie, RD 2; Elizabeth W. Gardy, Doylestown; William Rose, Croydon, RD; John Paglione, Bristol; Stella Little, Andalusia; Helen B. Dowd, Point Pleasant; Anna Peters, Bristol, RD 2; Walter Wickham, Morrisville; Dora A. Cressman, Sellersville; Elwood Smith, Bristol, RD 1; Anna Russell, Trevose.

Thirty-eight men and women were called on Monday and the first day ended with eight on the jury panel.

With the exception of persons, who are attending court because of routine matters, there has been no one attending the murder trial out of interest so far. The large court room is practically deserted except for the Court officials and attendants necessary in this trial.

Former Burgess Walter Scott, of Newtown, who was the first of the special venire of 15 to be examined, was chosen as the first alternate. Mrs. Ella Stock, Parkland housewife, is the second alternate. She was the fourth member of the special venire panel to be chosen.

The special venire panel, summoned "from the bystanders in the county," by Deputy Sheriff William B. Lang, included the following:

Lester C. Worthington, Newtown twp., farm manager; David K. Reskill, Newtown salesman; Courtland Y. Goodnoe, Newtown, carpenter; Raymond F. Bassett, Wrightstown, clerk; John S. Tracey, Newtown twp., retired; Owen S. Davis, Newtown, retired; Theodore R. Miller, Spinnerstown, farmer; Frank Benner, Perkasie, retired; Arthur Heavener, Perkasie, retired, second juror examined, challenged; Pearl Yost, Silverdale, third juror called, challenged; George W. Greeley,

THE STEEL CASE DECISION

Not for many years has the judicial opinion of a lower court promised to have more far reaching effects on our concepts of government than is the fact with the decision rendered by David A. Pine, U. S. District Judge, restraining President Truman's take-over of the steel industry.

Judge Pine is well-named, for pine runs straight and sturdy, and David was famous giant-killer, and in this decision Judge Pine has done perhaps as much as any other one man in history to allay the dangers of dictatorship in America.

A long list of principles once considered to be fundamental in our system of government, but quite largely brushed, aside and disregraded in recent years, have been reaffirmed in this decision.

One of these is the concept of "checks and balances" — that is to say, with reference to the powers of the president, that these are not limited only by elections and impeachment, as the Federal counsel sought to argue, but that they are strictly limited by the Constitution, by the statutes, and also by the assignment of powers to other branches of government.

In line with this principle of limited or restricted powers, Judge Pine specifically ruled that the oft-heard theory that "you can't enjoin a president" is without validity. This point, dressed up in formal legal treminology, was brought out in the course of the government's case, and was categorically overruled.

Also in line was the complete refutation of the theory of "inherent" powers of a president under the Constitution — a pretext which has often been heard as supposed justification for otherwise lawless and arrogant acts of the chief executive. "Inherent" powers are not to be confused with the "implied" powers, which latter are those not expressly stated in the Constitution, but more or less obviously necessary for the president to perform his assignments under the Constiution. "Inherent" powers are vague powers supposed to belong to a president just because he is a president, and they nearly always have

PEOPLE "KICK AWAY" CHANCES OF A CURE

False Modesty Sometimes Deters Physician in Cancer Examination

AN ELUSIVE ENEMY

This is the fourth article of a series telling the dramatic story of America's men and women scientists who are devoting their lives to wiping out cancer.

"The Cancer Fighters"
—ARTICLE FOUR—
By Charles Einstein
(I. N. S. Staff Correspondent)

NEW YORK, May 1 — (INS) — Finding cancer in human beings often is not so much a question of finding the cancer as it is of finding the human being who has it.

Doctors vested with the task of cancer detection often wonder where good sense leaves off and insanity begins in their patients.

One physician in New York found a far-advanced case of breast cancer in a woman patient who had only recently had a general physical checkup. The reason her own doctor had not found the cancer was that, in a startling degree of false modesty that probably wrote her death warrant, she had not let him examine her body.

Thus it is that the cure rate for cancer is a two-fold thing. One rate is the ability of doctors to cure cancer. The other is the number of cancers that actually are cured. And because people disregard general physical checkups — not to mention pain and other actual symptoms—they are kicking away their chances for cure.

The problem for doctors comes down, then, to finding something that will detect cancer despite the patients themselves. Even with cooperative patients, cancer often is an elusive enemy.

An X-ray specialist at the University of Minnesota ran up against this problem. Time and again, lung cancers developed to a dangerous, possibly fatal, point before they showed up in the X-rays.

Then the specialist noticed something. Little harmless-looking dots seen in the same patients in earlier X-rays were the same things that grew into the cancer. Thus, by encouraging patients to save their old X-rays, doctors now can spot possibly cancerous growths not by being able to identify them in themselves, but by comparing new X-rays with old ones. The spots that grow are tumors.

At Massachusetts General Hospital, an amazing device called a

FIRMS MAKE HOSPITAL PART OF "OPERATION"

Industry Joins Hands With Rest of Community In the Project

SOME "PAID IN FULL"

"Corporations operating within the Lower Bucks County Area have, in a real sense, made the Lower Bucks County Hospital a part of their company's operation. Industry has joined hands with the rest of community in this well considered project. Corporations, participating in the hospital building fund, have the satisfaction of knowing that they are helping guarantee their own future by investing in the well-being of their working forces," says a statement released by the hospital committee today.

"Hastened recovery of the sick and injured personnel; reduced absenteeism and lessened production delays; shorter hospital stays as facilities improve, resulting in reduced compensation costs; improved employee morale and peace of mind, stemming from the knowledge that a sick wife or child is assured best of care; a healthier working environment through making available the results of medical progress; improved public relations from demonstrated readiness to share in a community service are among the benefits to the Company Family".

"Several corporations have already rendered their pledged subscriptions 'Paid-in-full': Barker & Williamson $500; Vulcanized Rubber & Plastics Co. $1,000; Warner J. Steele Co. $2000; Roberston Mfg. Co. $2,500; Superior Zinc Corp. $7,200; Hunter-Wilson Distilling Co. $7,500; Minnesota Minning & Mfg. Co. $15,000; Paterson Parchment Paper Co. $20,000; Rohm & Haas $174,804 totaling $228,504 or nearly half of Industry's pledged support received into the hospital building fund treasury to-date".

"There are, of course, those companies that are making their scheduled payments as pledged; Cornwell Chemical Corp., Hunter Manufacturing Co., Kemline Co. & Employees combined, Manhattan Soap Co., Pennsylvania Salt Co., Warner Co., Farmers National Bank. The combined installment payments of these Companies to-date is $20,800 establishing the fact that some of the corporations here listed are also making payments in advance of their payment dates.

"Corporate management has assumed this responsibility because it recognizes that a good hospital is essential to the conduct of good business. Industry is willing to view a share in the cost of building our hospital as a legitimate charge on business because it shall derive from the hospital certain tangible and necessary benefits that cannot be obtained as well in any

Converse With Taft On Trip to C. of C. Function

Six members of Bristol Chamber of Commerce attended the congressional dinner given by the U. S. National Chamber of Commerce at the Mayflower Hotel, Washington, D. C., on Tuesday.

The party included: President of Bristol Chamber, Chauncey Stoneback; treasurer, James Wilson; directors, Edgar Spencer and John Johnson; member of National C. of C. William Aiken; and delegate-at-large, I. Johnston Hetherington, burgess of Bristol.

Noting that Senator Robert A. Taft was a passenger in the same pullman car, Burgess Hetherington invited him to join the party, and the localites conversed with the candidate for the Republican nomination for the presidency for an hour en route to the capital city.

The six were guests of Minnesota Mining & Manufacturing Co. at the George Washington Hotel during the day. At the dinner at the Mayflower they heard an address by Congressman Gavin, of Pennsylvania.

BUSY TIME NOW AT HAPPINESS AVIARIES

Breeding Season Now For Canaries; Birds Develop Very Fast

OTHER TYPE BIRDS

That parakeets lay from four to 10 eggs at a time, hatching possibly eight birds from 10 eggs, is a surprise to the layman.

But this is the usual thing in the parakeet world according to Raymond G. Banker, of Happiness Aviaries, 312 Wood street.

It is a busy time just now at the Happiness Aviaries, Mr. Banker advises, this being the breeding season for canaries. "Although a canary egg is about the size of my little finger nail, the newly-hatched birds develop fast," he adds, "and when three weeks old, a canary will be as large as an adult canary." But the canary nest usually holds from three to six eggs, somewhat less than that of the parakeet.

Another type bird which is plentiful at these aviaries is the finch, and inasmuch as the finch comes in a variety of colors and breeds, there might be a surprise waiting the visitor each time he arrives for a "look-see". The finch lays three or four eggs at a time.

Another thing that amazes many folk is that a parakeet oftimes acquires a vocabulary of 300 to 400 words. "But a bird must be kept by itself and started talking young," Mr. Banker advises. One of the birds hatched at 312 Wood street is now owned by a Surf City, N. J., woman, and the bird is often heard to call to the owner "How about something to eat, Blondie?"

The parakeets, noted for their colors, range through the blues, or are in beautiful shades of green and yellow, also white.

At this aviary, there are oftimes color-bred canaries, ranging to deep orange, some being mottled.

Mr. Banker is a painter by trade, but it was when his wife was ill some time ago that he started out with a pair of canaries. The family of birds grew. For a number of years, Banker continued his interest in canaries, raising them as a hobby. Two years ago the business

PAY INCREASE IS APPROVED FOR SCHOOL STAFF

Salary of Dr. Charles H. Boehm Increased From $10,000 to $12,500

Assistant Superintendents Are Each Given Increases of $500 in Salaries

By Staff Reporter

LOWER MAKEFIELD TWP., May 1 — One hundred and fifty Bucks County school directors met in the Pennsbury High School, here, at 6.15 last evening for the annual dinner and convention.

Principal speaker was Dr. Charles H. Boehm, Superintendent of Bucks County Schools, who addressed the group about the growing teacher problem. His speech, in part, is as follows:

"The total school building requirements for the county is so staggering that it may appear to some that we are trying to measure the success in our schools by the millions we are spending for new buildings. Of course that is not true, we still believe that the teacher is the center of instruction.

"The building program is important . . . the personnel problems are becoming increasingly important. . . . Last Saturday, at a state program on which I participated in Wilmington, the governor and the congressman pointed out that the inducement of teachers to come to Delaware was their most impor-

SENTENCED FOR AN ASSAULT ON OFFICER

Former Marine Angered At Delay in Getting Home, He Claims

FORMER DIFFICULTIES

DOYLESTOWN, May 1 — Judge Edward G. Biester on Monday sentenced Ernest Orsini, 27, 2830 North Palethorpe street, Philadelphia, a Fairless Works steel plant construction worker, to pay $100 fine and the costs of prosecution and serve not more than a year in the County Prison. Judge Biester asserted that "We will not countenance this sort of conduct in Bucks County."

Orsini, a structural iron worker, was convicted by a jury in September, 1951, of assault and battery on a voluntary policeman, John Jackson, within the plant site August 16, at Bordentown and Chapel roads, Falls twp.

The husky, dark-haired former Marine was operating his car and on his way home when Plant Policeman Jackson was directing traffic at a busy intersection. Orsini, after demanding to know what authority the officer had, 'punched him, kicked his hat around and dared him to step in front of his car.

"You were in a hurry to get home so were hundreds of other men that same day," said Judge Biester. "You and your friends in

LATEST NEWS BULLETINS

Allies Inflict 2116 Casualties in Week

Seoul—Eighth Army headquarters reported today that Allied troops inflicted 2116 casualties on communist forces in Korea during the week ending last Monday. Of this number 837 enemy troops were reported killed, 1252 wounded and 27 captured. Only normal probing and patrol activity was reported today. An artillery duel between big communist and Allied guns on the western front began last night but ended before dawn. In the air war, Allied headquarters increased the score of Red planes hit Wednesday by a total of two.

"Jap" Communists Riot in Tokyo

Tokyo—Thousands of Japanese communists, hurling rocks and brandishing clubs, rioted through the streets of Tokyo today in a violent May Day demonstration, injuring hundreds of Japanese and several Americans. The communists, shouting "go home", drove American servicemen and civilians from the streets under a barrage of rocks. Two mobs stormed the Palace grounds and were driven back by tear gas. By 6 p. m. police reported 100 policemen were hurt, 30 of them seriously.

Stalin and Other Leaders Watch May Day Parade

Moscow—Premier Stalin and other top Soviet leaders watched Moscow's annual May Day parade and display of military might in Red Square today. Stalin, in the uniform of a Soviet Marshal, viewed the parade from Lenin's tomb. He was flanked by members of the Politburo, inculding Deputy Premier V. M. Molotov, Georgi Malenkov and Lavrenti Beria.

Smash Attempted Raid in French Sector

Berlin—West Berlin police used clubs and high pressure water hoses today to smash an attempt by 4,000 communists to stage a May day raid into the French sector. Thirty-six of the would-be invaders were arrested in the biggest incident of a potentially explosive May day observance which brought monster rallies in both east and west Berlin.

Eddington Aid and Friends Visit The Salvation Army

EDDINGTON, May 1 — Several members of the Ladies' aid, Eddington Presbyterian Church, and their friends, 24 in all, were guests of the Salvation Army in Philadelphia, on Tuesday. They visited the Brown recreation center, where they were entertained by the children of the day nursery conducted at the center. Lunch was served them in the Service Center.

In the afternoon they were taken by bus to the Men's Social and Rehabilitation Center, where they witnessed the repairing of furniture, sorting of newspapers and magazines, the repair of all kinds of appliances by the men seeking rehabilitation. They visited the dining room, libraries, reading rooms, dormatories and social hall. They were told by their guide how the Army works for the spiritual uplift of those in need.

SEWER CONSTRUCTION IS GIVEN APPROVAL

Morrisville Council Votes To Accept Plans, Subject To Revision

RATIFICATION SOON

MORRISVILLE, May 1 — Construction of Morrisville's first sewer system received expression of approval by six councilmen, when a conference was held by six of the eight council members and the Board of Authority in the conference room of Vulcanized Rubber Co. The councilmen heard plans outlined by Alfred O. Redland, chairman of the Authority, and voted to accept them subject to later revision.

No record vote was taken, however the matter will come up for formal ratification May 13th.

On the strength of council's action, Redland said, the authority will ask bids for construction of the system on June 6 and will have an engineer's report ready for council's approval on June 10. If council approves, he said, work on the sewers will begin by the middle of July.

Redland stressed the need for immediate installation of sewers by the borough, pointing out that new housing developments on the outskirts, which are negotiating to use the new system, could not wait. Morrisville, he said, could cut the cost of its sewers for each resident by renting its sewage facilities to neighboring communities.

George A. Elias, district engineer for the State Department of Health, who attended the meeting, expressed the belief Morrisville should have installed sewers years ago, since its present system of cesspools is inadequate, and nearby streams are being polluted by the illegal practice of venting household drains directly into storm sewers.

Redland said the cost of such a a system last September was given as $3,200,000. The authority's plan, he said, called for financing through sewer assessments on property owners, plus annual sewer rentals

Two Station Wagons Are Considerably Damaged

Two station wagons were considerably damaged yesterday afternoon at the intersection of Hulmeville and Street roads, Bensalem township, as the result of a collision.

According to police, Mark R. Guest, 42, Neshaminy, operating a station wagon northeast on Hulmeville road, failed to stop at a "stop" sign. Mrs. Rebecca E. Fowler, 924 Third avenue, Croydon, operating a station wagon south on Street road, struck the Guest machine broadside, according to police.

No injuries were reported.

Damage to the Guest vehicle was approximately $450 and to the Fowler station wagon, $350.

Investigation was made by George Rentz, Bensalem township police chief.

3 TRANSPORTED

Transported by the Bucks County Rescue Squad yesterday were: Deann Hinkie, 10 years, 1843 Bristol Pike, Croydon, treated at Squad Clinic for severe lacerations of left knee, removed to the office of a physician for treatment and returned home; Charles Dintinger, Langhorne, and Frank Bonner, 644 Spruce street, to Abington Hospital.

FIREMEN ACTIVE

A barn fire at the Rohm & Haas experimental farm was extinguished by Bristol firemen yesterday at 10.20 a. m. Fire Chief Samuel Hagerman stated that there was only slight damage and that the cause of the fire was undetermined. The firemen also extinguished a grass fire last evening at Prospect and Jefferson at 6.40 p. m.

FARMERS NATIONAL BANK TO OBSERVE "OPEN HOUSE" SATURDAY; PUBLIC TO INSPECT REBUILT, ENLARGED BUILDING

Four Times Its Former Size, Banking Structure is One of Most Imposing in the Area — Facades, Landmarks Since 1818, Preserved — No Formal Program Arranged on Tour Day.

Farmers National Bank of Bucks County, 244 Radcliffe street, will hold "open house" Saturday afternoon from one to five o'clock to permit the public to inspect its completely rebuilt and greatly enlarged building.

Approximately four times larger than before the improvements were begun, the bank's structure now has become one of the most imposing buildings in the area.

The famous facades, landmarks since 1818 on Radcliffe street and also as seen from the Delaware river, have been preserved, but now form the central portion of a much larger building.

Thusfar the public has been able to see only the exterior of the bank, while the reconstruction and redecoration was proceeding, as well as one wing of the lobby which has been used for the Bank's business during the alterations.

On Saturday inspection can be made of the entire lobby, now about 80 feet long; the new suite of offices and conference rooms; the enlarged vault and safety - deposit quarters; the new basement floor, with the directors' room and a reserve space which can be used when need arises, to duplicate the lobby and tellers' windows on the first floor; the new second floor, with its soundproofed bookkeeping rooms, and other new accommodations.

There are no speeches or other program for the reception. Refreshments will be served.

Founded in 1814, Farmers National Bank is much the oldest bank in Bucks County, and one of the oldest in the state. Its assets, which have grown with great rapidity in recent years, now are more than $14,000,000, making it also considerably the largest bank of the county.

The bank was established at Hulmeville, which in the early part of the last century was the main commercial and industrial center of Bucks County. Its founder was John Hume, a wealthly merchant, descendant of the family which gave its name to Hulmeville. It was incorporated under the state laws passed to meet a financial emergency resulting from the wiping out of the national banking system. The word "national" first appeared in the bank's name during the Civil War, when Abraham Lincoln put into operation a new federal banking program parts of which continue today.

Bristol rose to leadership in the county and in 1823 became the Bank's home, the quarters first occupied being at Mill and Cedar street. The legend concerning the removal of the Bank to Bristol is that Anthony Taylor, the then president, loaded all the bank's assets and possessions into his carriage and moved the bank in a single trip. Most of the early banking equipment, including the strongbox, seal, furniture, books, etc., are still in the bank's possession and will be on display Saturday.

In 1830 the bank bought the magnificent private residence at 244 Radcliffe street which had been built twelve years earlier by James Craig, a nephew of Nicholas Biddle, and which was a close copy of the original portion of Andalusia, the Biddle family's Colonial home a few miles down the river.

This mansion was a model of the purely Greek architecture of the type which profoundly modified American tastes down to today in the style of its public buildings.

Through the years many modifications were made to the interior of this building, to adapt it to use for banking purposes and to keep abreast of the community's growth.

STEEL CRISIS IS IN A CONFUSED STATE

Steel Companies and Government Caught in Legal Maze

THE HAPPENINGS

By Felix Cotten
INS Staff Correspondent

WASHINGTON, May 1 — (INS) — The confused steel crisis is headed today for a Supreme Court review after the U. S. Court of Appeals temporarily returned the strike-bound industry to the government.

A strong current of swift-moving developments caught the government and the steel companies in a legal maze yesterday. In brief, this is what happened:

District Judge David A. Pine, who had decided President Truman's seizure order was unconstitutional, granted temporary injunctions which would return the mills to the owners.

The government appealed, and the Appelate court ordered the injunctions held up until the case goes to the Supreme Court.

As the legal sparring progressed, Commerce Secretary Sawyer, who again heads the industry, will hold a news conference at 11 A. M. (EDT) today.

Although there was no indication that Sawyer might offer a wage increase to 650,000 steelworkers, company attorneys are prepared to ask the Appeals Court to modify its order and prohibit any pay hike while the stay is in effect.

A government move to urge, or possibly order, the striking workers back to the job was expected.

Acting Attorney General Perlman, in his vigorous plea to the nine-man Appeals Court, pledged that the government will make every effort to get steel production resumed as soon as possible.

The 5-to-4 order of the court gave Perlman until 4:30 P. M., Friday to file his writ asking the Supreme Court to take jurisdiction, but he told newsmen he believed he could file sometime today.

Justice Henry W. Edgerton of the Appeals Court announced the majority verdict. It said the stay was issued "in order fully to preserve the jurisdiction of the Supreme Court and of this court."

It added that the stay will be in effect until the Supreme Court acts on the petition to take jurisdiction. If, however, the high court denies the petition, then the stay is in effect pending further order of the Appeals Court.

If the Supreme Court takes the case, it will pass on the question of keeping the mills under Federal

Mrs. Preston Bell To Be Buried on Saturday

Following a lengthy illness, Mrs. Lulu Thomas Bell, 37, 637 Swain street, died yesterday morning in Abington Hospital. Mrs. Bell had been organist and directress of Bethel A. M. E. Church choir.

Survivors are her husband, Preston Bell; two brothers, James Fields, Atlantic City, N. J.; Victor Thomas, Lancaster; parents, Mr. and Mrs. Walter Thomas, Clarksburg. She was the foster daughter of the Rev. J. H. Queen, former pastor of Bethel A. M. E. Church.

The Rev. Charles H. Carter, Jr., pastor of Bethel Church, will conduct services Saturday at one p. m., in that church. Interment will be in Bristol Cemetery under direction of John C. Black, 314 Cedar street. Friends may call at the church from seven to nine Friday evening.

Hears Fire Whistle in Phila.

—o—
(By "The Stroller")

Yesterday a Bristol resident in Philadelphia heard the Bristol fire whistle blowing in Bristol.

This is how it happened:

Thomas C. Clark, 1214 Pond street, a member of the P. R. R. staff in the Philadelphia headquarters, was carrying on a conversation with John Meyers of the P. R. R. staff in Bristol.

"Want to hear the Bristol fire whistle?" asked Meyers.

Clark was somewhat taken by surprise but just then he heard the familiar sound of the Bristol fire whistle. Meyers was holding the telephone open in the Bristol freight office and the sound was transmitted to Clark.

The alarm sounded was "55."

SCIENTIFIC SECRECY

Dr. James B. Conant, president of Harvard, points out that the involvement of science with government and politics and the resultant "security" measures constitute one of the most important developments of recent years. He says those who are competent to discuss atomic energy cannot do so because of security regulations and that the information reaching the public is mostly misleading because it comes from politicians who, he says in effect, do not know what they are talking about.

The present wall of secrecy, Dr. Conant says, is a necessity in "these grim years of rearmament." But he wants the public to be "constantly aware of its existence" and to understand its threat to the advance of science. He insists that the free exchange of data among scientists has proved essential to progress in many fields, mentioning specifically synthetic fabrics and drugs. He warns that secrecy must not be extended further than is required or into branches of science far distant from nuclear physics.

As with so many others who have protested scientific secrecy, Dr. Conant leaves the suggestion, undoubtedly unintended, that American security restrictions are unique. Were the United States to suspend all security regulations, the only reaction in the Soviet sphere of influence would be mocking laughter. Communism would continue to veil its science and gag its scientists.

The problem of secrecy in science is only part of the worldwide maladjustment of society. Until the larger problem is solved, scientific secrecy will continue and instead of being held within present limits, as Dr. Conant urges, the prospect is that it will spread, an ugly aspect of an ugly era.

ROME HAILS A BIRTHDAY

Rome had a birthday the other day—its 2705th. Or it might be more accurate to say that Romans celebrated their city's birthday on that day. No one can prove that Rome was founded on April 21. The only certainty is that the date has been honored as the city's birthday since remote antiquity.

Anyhow, there was a celebration and it turned out to be a memorable one. The main feature of it was inauguration of a subway system. The system is only one mile long at the moment but it is indubitably in operation. News accounts described Romans as almost deliriously happy when the first train rumbled into the tube. One jubilant passenger cried out that it was a "historic moment."

It sounds a little strange when commencement of subway service—on a line one mile long—is called "historic".

But Romans for years have thought that a city in these times is hardly modern unless it has a subway. After 27 centuries Romans still love their city, take joy in its present, hope for its future.

J. Leslie Kilcoyne, who represented Orsini, said the defendant has married since the trial and that his wife expects to be a mother. "The nicest wedding gift you could give the man, Your Honor, would be not to send him to jail."

Orsini, who denied that he was hot-tempered, admitted he has been in trouble for a "numbers" offense and also for assault and battery but was acquitted.

Lieut. Joseph F. Soltis and Officer John Jackson, Yardley, RD, were the plant policemen involved in the fray. Judge Biester indicated that he will consider application for a parole at the expiration of 30 days.

HULMEVILLE

Mrs. Alfred Woolman is one of a group of three leaving yesterday for six weeks trip by automobile to Georgia and Florida. Also in the party are Mrs. Elsie Walters, Langhorne, and Mrs. Ann Lever, Philadelphia. In Georgia the trio plans to visit relatives of Mrs. Walters. The remainder of the time will be spent at St. Petersburg.

C. Wesley Haefner spent Monday and Tuesday at New Britain, Conn., where at the plant of Fafnir Bearing Company he was honored for 25 years service with that firm. Mr. Haefner, who is assistant branch manager, Philadelphia territory, has been with the Fafnir firm since 1927. He was presented with a wrist watch, and was guest of honor at a dinner at the Shuttle Meadow Country Club. On Friday members of the Philadelphia office force feted him in that city.

On Monday, Mrs. Henry Mills and daughters, Ruth Ann Mills and Marcia Gillette, concluded five days visit with Mrs. Mills' parents, Mr. and Mrs. Charles Smalley, at Darby.

Jefferson Davis was born June 3, 1808.

other way. Thus corporations within the service area have accepted the principal of sharing with individuals and the public at large in the capital cost of the hospital facilities our community so sorely needs.

"Since most of the subscriptions pledged by the residents, businessmen, professionals and those on employee payroll deduction are based over a period of approximately 100 months, it was evident from the beginning that in order for the project to be progressively planned and followed, the bulk of the early needed funds would have to be forthcoming from our industries. It is indeed encouraging to have such assurance as the above that Industry is meeting its important role and doing its part towards the early erection of the Lower Bucks County Hospital".

Four Girls Are Honored At Fergusonville Center

NEWPORTVILLE, May 1 — The Fergusonville Girls Club held a meeting last evening at the Community Center. Preparations for a 4th of July parade were discussed; also other activities. A birthday party was celebrated with four being honored: Susan Perpente, Susan Wilson, Joan Parker and Christina Charlton. Decorations were in pink, blue and white, with two decorated birthday cakes as the center of attention. Pretzels, potato chips and ice cream were served.

Refreshments were donated by parents of the honored guests. Each of the four received a silk slip from the club.

Entertainment was enjoyed with specialty numbers rendered by Mary Lou Wommer, Susan and Marjorie Perpente, accompanied by musical recordings.

Several other girls rendered songs.

Two new members were welcomed, Barbara Casperson and Winnie Lou McCurdy.

Pay Increase Approved For School Staff

Continued from Page One

tant concern for the next ten years. Three thousand dollars for a beginning teacher and $3500 for one with a master's degree was proposed. Other inducements such as scholarships, and teacher welfare benefits were suggested. . . . Bucks County is an abnormal situation and may be expected to continue so for the next 15 years. We will have 500 new elementary school positions in eight years. . . . Higher salaries alone will not solve the problem; good working conditions will mean a great deal. It has been suggested that we intensify our efforts to enlist college seniors to go into teaching. It was further suggested by two school boards that a representative of the county staff be sent to the middle west to recruit teacher applicants for Bucks County. It may be necessary to do so.

"There have been problems of teachers jumping from one district to another. I believe we can resolve our differences. . . . We know of no group of volunteer public servants (school directors) whose position in the pending crisis is more important; none more challenging and none from which a greater satisfaction of service can be realized."

The executive committee elected Forrest C. Jobes, president of the Pennsbury Joint Board, and Kenneth Comly, member of the Neshaminy Joint Board, to the County School Board, each for terms of six years. The new members were chosen in an effort to give representation to the areas most deeply concerned with expansion, it was stated.

Due to the tremendous amount of work falling on the county office as a result of unprecedented expansion, the salaries of the county staff were raised. Dr. Boehm's salary was raised from $10,000 to $12,500. His assistants, Dr. Genevieve Bowen, County Elementary Supervisor; Dr. Paul Gruber, Superintendent of Secondary Schools; and Dr. Ruth Fedder, Superintendent of Exceptional Children, all received $500 increases. Dr. Morton Botel, County Reading Consultant, had his salary boosted to $6,000. The increases go into effect July 1.

Approval was granted for the employment of two specialists for the school term 1952 to 1954 for a reading and speech program in Bucks County schools. The program has received support of school officials in the past.

Following adjournment of the business meeting, President of the County Board of School Directors, H. Franklin Moore, of Blooming Glen, invited the group to assemble in the auditorium. They were addressed by Forrest C. Jobes, presidents of the Pennsbury Joint Board, who explained to the gathering that a statue of William Penn was to have been presented to the high school by Earl E. Moore of the U. S. Steel Co., yesterday morning, but that the steel strike made it prohibitive. He then introduced Mr. Moore, vice-president of U. S. Steel Co., and head of Industrial Relations, who spoke to the directors and to a citizens committee for vocational education.

Mr. Moore stated that industry has always been concerned with educational problems and that the U. S. Steel Co. has had an excellent opportunity to observe education and its adaptability to the steel business. Mr. Moore lauded Bucks County as being a leader in the field of education, with an educational system "to which the nation, as well as the state, may look with pride."

Moore spent a substantial portion of his 40-minute speech outlining the evolution of the Chicago Vocational School. He stated that there has been a feeling that it is not dignified to work with your hands and that this sentiment is strong at the moment. "There is a tendency to judge a person by his education, rather than by the contribution he makes to economic life. The man who works with his hands has always been the basis for civilized economy."

"Young people who have been unable to continue their educations and have entered vocational schools have a head start on regular high school graduates in industry. They have studied something that they have an inherent ability for doing and something that stimulates their interest, which is a sure deterrent to juvenile delinquency," Moore stated.

In answer to some questions following his speech, Moore stated that women would most certainly be hired for mill work in the advent of a critical manpower shortage. He added that some 15,000 women worked for U. S. Steel during World War II.

Two members of the State Assembly from Bucks County, the Hon. Wilson Yeakel of Perkasie and the Hon. Marvin Keller of Newtown, were in attendance. Also present was John J. Appleyard, Public Relations representative from U. S. Steel Co.

The Bucks County Music Educators Association presented a repeat performance of the music festival held here, several months ago, following Moore's speech.

President Coolidge revealed a $390,000,000 surplus in 1926.

Income taxes were ruled constitutional in 1871.

DELHAAS JUNIORS WIN IN MEET WITH PENNSBURY

MORRISVILLE, May 1—Delhaas Junior High won over Pennsbury Junior High, 44½-36½ yesterday in a dual track and field meet on the Morrisville High field.

Nine points in each the 880 and discus throw gave Delhaas the triumph. Bob Synakowski, Everett, and Ed DeKoyer finished in that order in the 880 while Ted Konyves, Ed Huett, and Fryer ended one, two, three in the discus. Pennsbury scored eight points in the 440 and pole vault.

Bob DeChico won the 100 and 220 for Delhaas. His time in the 220 equalled that of the winner of the senior teams meet while he was one-tenth of a second slower in his 100 time.

WHITFIELD, IN RELIEF JOB, WINS FOR BENSALEM

NEWTOWN, May 1 — Fine relief hurling by Bob Whitfield and a five-run uprising in the sixth gave Bensalem Township High its second win of the Lower Bucks County League here yesterday as the Owls defeated Council Rock High, 5-3.

Whitfield relieved Ron Elliott after the latter went sour in the second frame and permitted two runs to score without an out. Whitfield finished the inning and then blanked Council Rock the remainder of the tilt with two hits. He fanned eight and walked two.

Russ Morris was going great for the Indians until clipped for the quintet of runs in the big frame. He struck out Arnold to start but Russ Struble, Harvey Crowthers, and Joe Mikelaitis drew walks. Morris got by Whitfield by whipping a third strike past him. But Dick Gloyd scored two runs with a single and when Harry Robinson reached base on an error, the bags were again loaded. Al Parker's hit accounted for Mikelaitis and Gloyd crossing. Robinson made a steal home for the fifth tally of the inning.

Busy Time Now At Happiness Aviaries

was started, with Mrs. James Schell as a partner. The population of the aviaries ranges from 300 to 400 birds at a time.

In the past two years, 300 to 400 canaries have been hatched there, as well as several dozen parakeets.

Other birds are secured on order, these including an occasional parrot. Usually one of the stipulations in regard to parrots is that they be able to talk.

The greatest demand for birds is around the holidays — Christmas, Easter, Mother's day; and many birds are bought as birthday gifts.

The partners in the bird business —the housewife and the painter — have many visitors at their aviary, especially now at canary breeding season.

People "Kick Away" Chances of A Cure

Continued from Page One

scintillation counter is busily at work detecting brain tumors. Radioactive material is injected into the brain. For some reason, it collects in greatest quantity in tumorous cells. And the scintillation counter, which is a kind of super geiger-counter, can pick up rays from tumors that the ordinary geiger counter wouldn't even notice.

Cancer cells show up in smears from the uterine cervix from saliva and other body washings. At Cornell Medical School, scientists have their patients swallow a balloon. They blew the balloon up inside the body. Then they let the air out and remove the balloon. Clustered on the sides of the balloon are internal cells. Cancer cells, if the patient has cancer, will be there too.

The thing doctors would dearly love to do would be to find a reliable blood test for cancer. It not only would be simple for the patients—it would be simple for the doctors.

The same radiation specialist who advises patients to save their old chest X-rays does not think it would be a good idea for everybody to have a stomach X-ray. Why? Because stomach X-rays take time, cost money; and there aren't enough specialists around to handle it on a population-wide basis.

Some blood tests do show up cancer. But they also show up other things.

"Madam," an obstetrician solemnly told one of his patients not long ago, "you either have cancer or you are about to have a baby."

"So long as it's not both," sighed the woman, who was in her eighth month of pregnancy.

Besides late pregnancy, blood tests that disclose cancer also may be revealing a simple case of influenza. Sometimes the same blood tests won't show cancer at all, even though the patient may be riddled by the disease.

One way of testing the blood for cancer is to take a sample of the patient's blood and shoot it into some cancer tissue that may have been taken from another patient, or grown in the laboratory. If the blood reacts against the cancer, that means something in the blood is trained to fight the disease—which might also mean the patient has it.

The common danger signals of cancer, which have been publicized far and wide, do not necessarily mean that cancer is present. The best idea, doctors agree, is to have routine physical checkups at intervals of no more than a year—even if you feel fine.

An official of the American Cancer Society says, at any rate, that, given a better break in the field of detection, doctors could cure two more cancers for every one they cure now.

Continued from Page One

The basic lines were retained, including the beautiful winding stairway its contains.

When the coming of the Fairless Steel Plant to this area was announced, it was at once obvious that no mere shifting of facilities around inside the walls of the old building would take care of the tremendous expansion which would result when new industries brought scores of thousands of new residents to the community.

Every effort has been made by the architects in charge to preserve the grace and beauty of the original building, while incorporating it into a much larger structure that would give the bank the space it so urgently needed.

One of the early functions of the Farmers National Bank which is not now considered by the public to be a banking responsibility at all was the issuance of money.

During its life up to the time of the Civil War, Farmers National Bank issued many thousands of dollars worth of bank-notes. Although this was in a period of wildcat currency, with shinplasters and other unsupported paper money costing the public a heavy loss, Farmers' National Bank kept its own credit sound and was able to pay off every piece of its currency at face value. In some instances, bank notes were redeemed as much as eighty or ninety years after being issued.

Part of the bank's display is a collection of various issues of these bank-notes, together with other curiosities and relics in the form of currency of different periods.

Visitors will be given a souvenir booklet containing a history and description of the bank, with many pictures of the new and old quarters.

A feature of this booklet is a large regional map showing recent improvements in the area and others soon to be started, together with a collection of street maps of Bristol, Croydon, Fairless Hills, Levittown and Bensalem township.

NOTICE

Pursuant to the provisions of the Act of June 25, 1947, P. L. 1145, No. 481, its supplements and amendments, Notice is given of the intention of the School District of the Township of Bensalem, Bucks County, Pennsylvania, to enact a Resolution providing for the imposition of a monthly tax of Five Dollars ($5.00) per trailer upon the use of all house trailers which are situated or located within the said School District and are regularly occupied or used for dwelling or business purposes for a consecutive period of fifteen (15) days or more.

A copy of the proposed resolution is on file at the office of the Secretary of the said school district in the high school building at Cornwells Heights, Bucks County, Pennsylvania, where the same is available for public inspection.

The reason which, in the judgment of the officials of the School District of the Township of Bensalem, Bucks County, Pennsylvania, necessitates the imposition of the tax is the need for additional funds for general school purposes, due to the increased cost of the operation of the school district, and the belief that persons residing in trailers located within the school district or using trailers for business purposes should bear a share of the cost of operating the school district.

The amount of revenue estimated to be derived from the said tax is Twelve Thousand Dollars ($12000.00) per annum.

The aforesaid resolution will be presented to the Board of School Directors of the said school district, for final action thereon, at a meeting of said board to be held on Wednesday, May 14, 1952, at eight o'clock p. m. in the high school building of said district located on the Frankford-Bristol Turnpike, at Cornwells Heights, Bucks County, Pennsylvania. The resolution, if enacted, and the tax imposed thereby, shall become effective on July 7, 1952.

By Direction of the Board of School Directors of the School District of the Township of Bensalem, Bucks County, Pennsylvania.

WILLIAM F. ABEL, Secretary.

NOTICE

Sealed proposals will be received by the Commissioners of Bristol Township, Bucks County, Pennsylvania, up to 12:00 o'clock noon, and will be publicly opened at 8:00 o'clock p. m. on May 14, 1952, at meeting of said Commissioners to be held at the Edgely Fire House in said Township for the disposal of the following Township Equipment: One Farmall Tractor and Mower;: One Caterpillar Tractor and Snow Plow. Bidders may inspect the equipment at the Township Garage, Linton Avenue and State Road, Croydon, Pennsylvania. The said equipment will be sold in the condition in which the same exists on May 14, 1952, without any representations, warranties or guarantees as to the condition thereof.

Any bid submitted may be withdrawn at any time prior to 8:00 o'clock p. m., May 14, 1952.

The Township will receive separate bids for the purchase of any one or more of the above articles, and each bid shall identify the article bid upon and shall be accompanied by certified check to the order of "The Township of Bristol" in the full amount of said bid. Any person desiring to bid for the purchase of more than one of the said articles shall submit a separate bid and a separate certified check, as above directed, for each article bid upon.

The Township reserves the right to reject any or all bids, and if any person submits bids for more than one article, the Township reserves the right to accept the bid or bids on one or more such articles and reject the bid or bids on the other or others, or may accept or reject all bids so submitted by such person.

The successful bidder or bidders shall, within ten (10) days after the contracts have been awarded, remove the said equipment from the Township propertty.

The successful bids, if any, will be awarded at the meeting aforesaid.

Proposals must be sealed and marked "Township Equipment", addressed to Bristol Township Board of Commissiloners, c/o Elwood A. Britton, Secretary, Mounted Route, Bristol, Pa. The Commissioners reserve the right to reject any and or all proposals.

ELWOOD A. BRITTON
Secretary.

Today's Quiet Moment

Selected by the Rev. E. Clarendon Hyde, Vicar Grace Episcopal Church, Hulmeville

Beloved, do not be surprised at the fiery ordeal which comes upon you to prove you, as though something strange were happening to you. But rejoice insofar as you share Christ's sufferings, that you may also rejoice and be glad when his glory is revealed. If you are reproached for the name of Christ, you are blessed, because the spirit of glory and of God rests upon you. But let none of you suffer as a murderer, or a thief, or a wrongdoer, or a mischief-maker; yet if one suffers as a Christian, let him not be ashamed, but under that name let him glorify God. For the time has come for judgment to begin with the household of God; and if it begins with us, what will be the end of those who do not obey the gospel of God? and

"If the righteous man is scarcely saved, where will the impious and sinner appear?"

Therefore, let those who suffer according to God's will do right and entrust their souls to a faithful creator. I Peter IV 12-19 (Revised Standard Version).

control until it decides if Mr. Truman's seizure was legal.

Appellate Chief Justice Harold M. Stephens and three others dissented with a one-sentence statement:

"We are of the opinion that the government has made no showing whatever which would justify this court in staying Judge Pine's order."

Perlman argued that the anti-seizure order "jeopardizes and imperils national defense," and promised:

"We can get the men back to work. We can get them back before the furnaces get cold."

Assistant Attorney General Holmes Baldridge who pleaded before Judge Pine that the President had "inherent powers" to take over the industry, told the Appeals Court the strike is costing 300,000 tons of steel a day.

Baldridge asserted: "This strike will be catastrophic unless something can be done to get the men back to work."

Meanwhile, two senate committees continued hearings on the steel controversy.

Industry spokesmen are to appear before a judiciary subcommittee, headed by Sen. Smith (D) N. C., to argue against the legality of the seizure, and industry negotiator John Stephens is to testify before the banking committee on wage price controls legislation.

turned out to be just what they were in this case, the pretended right to do something just because he wanted to, without regard to the Constitution and the laws.

Also given a well-deserved jolt is the long existing practice of a president assuming that it is all right for him to do things which would otherwise be improper, if he just goes through the hocus-pocus of "declaring an emergencp".

Fundamental among the concepts upheld by Judge Pine were the age-old principle that government by law is freedom, government by man is tyranny. Another elemental concept he vindicated is the often-forgotten (in recent years) belief that "the Federal courts are the watchdogs of the Constitution."

Included in the opinion, though not part of the legal argument in it, was a sharp rebuke to the Administration for its antipathy to the Taft-Hartley Labor Act, which led Mr. Truman to decline to invoke the "cooling-off" parts of this act to meet the "emergency" he described as resulting from the threatened steel strike.

The reasoning of the Administration, the judge said, "presupposes that the Labor Relations Act, 1947, is inadequate when it has not yet been tried, and is the statute provided by Congress to meet just such an emergancy."

And last but not least, Judge Pine upheld another of the great principles of the republican form of government, a principle which represented the achievement of many generations of freedom-loving mankind — the principle that Congress, as the direct representatives of the American people, and not the President, is the law-writing and policy-forming branch of the government.

All in all, for the believers in freedom, self-government and a representative republic under the Constitution, Judge Pine really did a notable day's work when he delivered this momentous opinion.

"WASHINGTON REPORT"

By FULTON LEWIS, JR.

(Copyright, 1952, King Features Syndicate, Inc.)

WASHINGTON, May 1 — Saddened Illinois Democrats are far from comforted by the political pinwheeling of Senator Paul Douglas. After the departure of Gov. Adlai Stevenson from the national political arena, an act classified as cruel and inhuman treatment of desperate politicians, Douglas, without being asked, blurted out his fondness for candidate Estes Kefauver, the coonskin senator from Tennessee.

Democratic boss Jacob Arvey and his Illinois political machine playmates merely groaned. Douglas had almost squared the circle. He had first advocated a joint nomination of Gen. Dwight Eisenhower, but when the proposal was greeted with universal silence, he switched to Gov. Stevenson.

Neither Eisenhower, Stevenson nor Kefauver has shown any great enthusiasm for Douglas' praise, although Kefauver did say thanks. It appears they all feel Douglas lacks consistency so there is no use in embracing him until he stops spinning.

Douglas has about as much chance of being the nominee as President Truman has of being asked to submit to a party draft here in July.

The same machine politicians who informed the President that he would not be needed for the 1952 campaign are known to regard Kefauver as a political creep just short of being a twin of former vice-president Henry Wallace, the yogi expert and current chicken farmer.

Douglas is held in the same esteem. Both Douglas and Kefauver like to break bread with something known as Americans for Democratic Action. This is a sort of rich man's club of refugee New Dealers who got wealthy worrying about the downtrodden masses. It is about on a par with a collection of crackpots ranging from Russian style revolutionists to bobby soxers from Eastern girls' schools. Mrs. Eleanor Roosevelt: Leon Henderson, former boss of the office of price administration, and Fair Deal columnist Marquis Childs are considered heavy thinkers in the ADA league. That should be all you have to know.

Douglas, of course, is an ADA darling. So is Kefauver. And, because of its desire to spread the collectivist doctrine, the ADA practically simpers at the thought of getting one of their boys in the White House, or at least in th vice-president's seat. If they could accomplish this, the big city machine bosses would get axed faster than heads rolled in the wake of the French Revolution.

A week in the mid-west showed me that there is less talk among Democrats there about an individual candidate than there is about who is going to control the party during the next four years. Even if their party is licked, the Democrats with political savvy know that whoever becomes the party leader — and in all probability it will be the man who gets the party nomination here in July — will call the shots and build the machine for the comeback.

For this reason, a series of back room conferences here, in New York, California and in Washington are under way. Frank McKinney, chairman of the Democratic National Committee and the man who took the bad news to President Truman, is swing man for the big city machine bosses. He passes along word of party decisions and pitches national committee propaganda to fit the needs.

When the big bosses decide on the Democratic man of the hour, McKinney will be the first to know. And the decision won't be based solely on the man who might be able to beat Senator Robert A. Taft, Eisenhower or whoever gets the GOP nomination. It will be a selection best suited to keep party control in the hands of the bosses, even if forecasts of a shellacking next November are correct.

President Truman, of course, was the best possible candidate for the political bosses, except for the fact that distaste of him personally had reached such gigantic proportions in the country. But he is dutiful, loyal and tractible to the machines. The search is for someone exactly like Mr. Truman but with a record of higher intellectual capabilities.

For this reason, Douglas and Kefauver give the Democratic big shots nervous stomachs. They are both guilty of displaying desires to allow Wallace-type Democrats to run their political lives, or even worse, of failing to understand the problems of the bosses.

HEALTHY LOOK

PARIS (INS) — Parisiennes are busy preparing their "spring faces". According to Paris make-up experts women should look "healthy" this year. A healthy looking complexion with flower-like cheeks and a full, bright, shiny ripe cherry mouth will be the new poetical beauty code.

NEWS OF SCHOOLS IN AREA---

All public, private and parochial schools in the Bristol area are invited to send news items for publication in this column which appears frequently.

St. Mary's Hall

BURLINGTON, N. J., May 1—Visitors at St. Mary's Hall May festival on May 16th and 17th, will have the unusual privilege of hearing Mrs. Florence T. Reeves.

Mrs. Reeves, in her lectures, gives unique interpretations to the masterpieces of religious art that are to be found in the foremost galleries of the world. Widely-traveled and diligent in her studies and research, she has seen the most famous and some of the least known religious art treasures. To accompany the illuminating appreciations that she gives in her talks she has gathered more than 1600 color slides.

She has been successful in the teaching profession and has been director of the American School, Lovetch, Bulgaria. She lived in Rome, Italy, four years, and has made extensive visits to 20 other countries.

Bristol Township Elementary School

The pupils of Miss Engelke's 3rd and 4th grade and Mrs. Lloyd Bucher's 4th grade of the Maple Shade School left the school on Saturday morning in a school bus for a trip to Philadelphia. They observed all forms of transportation along the Delaware River.

Their first destination was Independence Hall where they were allowed to touch the Liberty Bell. They also saw the silver pen and ink stands used in signing the Declaration of Independence. The guide explained many things to them and encouraged them to ask questions.

The second stop was the Franklin Institute where the group visited the Fels Planetarium. There they saw "The Creation of the Universe." This room was astonishing to most of them who were there for their first visit.

At noon lunch was partaken of. In the remaining time they toured the Institute, and saw the National Guard parade which formed on the Benjamin Franklin Parkway.

Lawrence and Thelma Conley have entered fifth and 6th grade, coming from Pennsbury Schools. Glenn Conley has entered 2nd grade in Newportville, coming from Pennsbury Schools. Geraldine Christiansen has re-entered township school after having been enrolled in Philadelphia schools for a short time.

The children of Miss Griffee and Mrs. Kates' room have purchased world globes with the money they had earned by the banner award of the P. T. A.

Edward Hibbs and Charles Shagg displayed their Indian suits and entertained the third grade with an Indian dance.

Council Rock District

NEWTOWN, May 1 — "Bobby" Kirk is exhibiting a project showing how light is affected by different lenses and mirrors. It is mounted on a plywood base, 30 x 20 inches, and is illuminated by four bulbs mounted on the black.

Winsor Eveland is exhibiting a project showing different systems of a cow constructed out of modeling clay.

Keith Eveland is exhibiting a project made of modeling clay showing different parts of a volcano. It has an elevation of about 13 inches with a plywood base of 30 x 18 inches.

The science fair will start Saturday and continue for a week. This is the fourth annual science fair held at the Franklin Institute, Phila. The projects will be judged next Friday at 6:30 p. m. and and prizes will be awarded on May 5, at 8:30 p. m.

Almost every form of science is being exhibited by students of Philadelphia and the surrounding counties. The exhibitors are pupils from public, parochial and private schools.

Council Rock high school open house will be held May 9th from 1 until 7 p. m. and from 7 until 10. Everyone is invited. There will be refreshment and entertainment booths.

The 1952 class of Council Rock will hold services as follows: Class Night, in the high school auditorium, May 23; Baccalaureate services, May 25, the Episcopal church. Commencement activities the evening of May 26, at the high school.

Pennsbury District

LOWER MAKEFIELD TWP., May 1—The officers and sponsors of the student councils of Collingswood, Bristol and Bensalem high schools will visit Pennsbury high school on May 14. They will arrive at 10 o'clock and have a full schedule of activities.

At 10.20, they will view a campaign assembly for presidents of the student council; 11.15, will be guests in the cafeteria; 11.45, will attend a student council meeting; 12.45, see a "movie" shown for the junior class; a tour of the building from 1.40 to 2.35.

Members of the boys' cooking class and cooking club will prove that men are the better cooks. They have planned a menu and will provide the refreshments for Pennsbury high school "open house" on May 6th. Parents are invited to visit the new school building.

The boys will also serve refreshments in the home economics suite. Mrs. Margaret Uhler and Mrs. Jean Torongo are advising the boys in their work.

Pennsbury Drama Club presented "Tobacco Road With Detours," along with two skits and a monologue at an exchange assembly at Bensalem, on Apr. 29. The play was strictly a "hillbilly" comedy. The characters were: Tom Kafes, as Pa, a shiftless, no good "skonk;" Sybil Magid, as Americy, one of Pa's cruddy daughters; Jackie Purcell, as Sonny Gal, the tomboy of the clan; Linda Bishop, as Tennisy, another onery daughter; John Perestam, as Willie Joe, Americy's boy friend, who has too many teeth to suit Pa.

"Betty" Carter presented a monologue entitled "Weary Willie," and Howard Wood presented two skits, "Over the Hill to the Poorhouse," and "I Don't Care."

Pennsbury girls of the Sub-Deb Club modeled gowns at a fashion show on April 24th, in the auditorium. Participants included: Delores McGee, Nancy Bixler, Myrna Neeld, Helen Pinnele, Veronika Kruger, Patricia Davis, Gay Warburton, Joan Titus, and Audrey Harrop.

Election time has rolled around at Pennsbury high school. Loring Bixler and Veronika Krueger have entered their names as candidates for office of president of the student council. Both have received petitions which require at least 30 signatures. After the candidates have their followers, party rallies will be held to select the vice-president, secretary, and treasurer for their ticket.

Pennsbury's first annual choral festival will be held on May 2nd, at Pennsbury high school auditorium at eight o'clock. Featured with the high school chorus will be a small ensemble, trio, and quartet. At present the chorus is rehearsing at the War Memorial building, Trenton, N. J., for a program on May 29th.

Newportville Girl Scouts Are Ushers for Program

NEWPORTVILLE, May 1—Newportville Girl Scout Troop No. 21 left Saturday morning for a theatre at Doylestown. Transportation was provided for 25 by Mr. Kilpatrick, Mr. and Mrs. Clarence Oldham, Mrs. Shermer and Mrs. Horace Phy. Mrs. Phy's machine transported the senior patrol early as they had been chosen as ushers for this Juliette Low occasion.

Sandra Traber was chosen to present an envelope containing $10 for the Juliette Low Fund. These envelopes were placed in a replica of the Girl Scout Chalet at Switzerland.

A program was presented to the scouts.

Mrs. John Lowris and Mrs. Albert Peters, leaders, accompanied the following girls: "Connie" Beecher, "Betty" Blush, Lynn Kelly, Patricia Kilpatrick, Janet and Thelma Marra, Margaret MacFarland, Margaret Nielsen, "Kathy" Oldham, Jeanne Peters, Gertrude Schemeley, Marie Winder, "Winnie Lou" McCurdy, Sandra Traber, Marjorie Cameron, Anna Phy, Jane Gloyd, Diane Shermer.

The girls took their lunch with them.

"Varieties" Prove Very Delightful Entertainment

PENNDEL, May 1 — The crowd which assembled in the Casino, here, on Tuesday, for "Grace Church Varieties of 1952," was most enthusiastic in its reception of the numbers.

The affair was sponsored by the Young Adults as a benefit for the building fund of Grace Church, Hulmeville, and was directed by Harry and Gerry Holly (Mr. and Mrs. Harry Holly), of Bensalem township.

Divided into two portions, one section was composed of professional acts; the other included numbers given by amateur performers.

Penndel String Band opened the three-hour show, their quintet of selections being: "O Dem Golden Slippers," "I Love the Sunshine of Your Smile," "Any Time," "Take Me Out to the Ball Game," and "It's a Grand Old Flag."

Other program numbers: Indian dance, "Peggy" Sylvester, Lynn Pross, and a third dancer; vocal soli, "Neapolitan Nights" and "The Gypsy Love Song," Mrs. Elwyn Neitzel and Miss Adeline E. Reetz, Hulmeville ;Hawaiian dance, "Margie" and Susan Perpente; story of "Albert and the Lion," the Rev. E. Clarendon Hyde, rector of Grace Church; song, "Daddy's Little Girl," "Margie" Perpente; song and dance, "Ballin' the Jack," Lynn Pross; specialty dance, "Peggy" Sylvester; vocal selection, "'Til We Meet Again," "Gobs of Love for the Navy," and "The Old Village Choir," the Bachofer girls; Varsity Drag, dance group; "Say It With Music," and "Show Business," Grace Church choir, under direction of Miss Margaret Perry.

Serving as master of ceremonies was C. Mullery.

The professional acts included: Miss K. Cahill, tap dancer, juggler, and knife thrower; Arno & Zola, magicians; "Joe" Campo, impersonator; Harry and Gerry Holly, "Mimicry in Masks." The choir, aided by Harry Holly, closed the show with "May the Good Lord Bless and Keep You."

Card Party and A Trip Planned by Auxiliary

CORNWELLS HEIGHTS, May 1—On Monday evening, members of Cornwells Fire Co., No. 1, Ladies Auxiliary, met in the fire station, Mrs. Raymond Barroll presiding.

Prayer was offered by chaplain, Mrs. John Whyte. Welcome song was sung by the group. Minutes were read by Mrs. James Henry in the absence of the secretary, Mrs. Norman Werden. Treasurer's report was given by Mrs. Roscoe Perkins. On June 25th members will attend a home-makers program in Philadelphia. Mrs. Barroll gave report of the April luncheon, $60.35 being cleared.

Mrs. Edward Dyer, Miss Doris Freas and Mrs. Albert Schueller celebrated birthday anniversaries in April.

There will be a card party on May 10th at eight p. m., in the fire station.

Refreshments were served to 30 by Mrs. Harvey Rigby, Mrs. Roscoe Perkins, Miss Elsie Smith, Mrs. Bertha Nelson and Mrs. Ada Rasmussen.

50th Anniversary of The Pryor Wedding Occurs

CROYDON, May 1—Mr. and Mrs. William Pryor, Fourth avenue, are receiving congratulations upon their 50th wedding anniversary which occurred yesterday.

In order that all the members of their family could be present to help them celebrate, the honored pair entertained at a turkey dinner on Sunday.

Attending were their children and grandchildren: Mr. and Mrs. William Berg, Mr. and Mrs. Eugene Pryor and children Dorothy and James, Mr. and Mrs. Louis Pryor, Mr. and Mrs. Joseph Pryor and children, Barbara Anne, Joseph and James. The celebrants' son, Eugene, who is stationed at Fort Jackson, S. C., was unable to attend. Also present were Mr. and Mrs. Louis Sacks and James Pryor.

The happy couple was the recipient of gifts.

Mr. and Mrs. Pryor have been residents of Croydon for over 25 years, coming here from Philadelphia.

THE GREAT GAME OF POLITICS

By FRANK R. KENT

A Free Man Needed

WASHINGTON, May 1 — Mr. Allan B. Klein, president of the American Farm Federation (1,500,000 members), a few days ago urged a Senate committee to reject the bill of Senator Robert Kerr (the millionaire Oklahoma aspirant for the Democratic presidential nomination) to guarantee the farmer a profit on everything he raises to sell. The reason given was that that would be bad for the farmers and bad for the country; that it would inevitably compel a 100 per cent general price ceiling and end in an utterly undesirable socialistic state.

This stand was so unique as to be startling. It showed the spokesman for a great group of voters rejecting the proposal to increase its Federal subsidies at the taxpayers' expense. Mr. Klein took the view that farmers are also taxpayers and that this 100 per cent of parity guarantee plan is silly and would be disastrous — that it would add greatly to the cost of government and to the size of the national debt. At the same time, it would adversely afflict not only recipients of the increased subsidy but also nonrecipients. So far as known Mr. Klein is the first representative of one of the so-called "pressure groups" ever to pass by an opportunity to get more Treasury money. For 18 years, the invariable custom has been to grab everything in sight and yell for more.

Mr. Klein's words are thought-provoking, indeed. They mean that at least one leader of a favored organization is clear-headed enough to see danger to all when the point is reached where one of every nine persons in the country is receiving Federal funds in one form or another. This may mark the end of the era of reckless giving away of the people's money. There may be other bosses of "pressure groups" who feel like Mr. Klein and will follow his lead. On the other hand, it may not appeal to less enlightened men, and the Oliver Twist demand for more and more will contine to drive candidates and congressmen to ruinous extremes for voting support. In any event, the Klein refusal to support a measure increasing a subsidy for his 1,500,000 farmers will give encouragement to all men who believe this gigantic "handout" game cannot continue to be played longer without national economic collapse.

Certainly, it gives substance to the argument that so far as the interests of all the people are concerned the most desirable quality for the next President is complete freedom from any link, tie, bond or obligation to any organized occupational, racial, religious or regional minorities. We have had no such President since 1932. On the contrary, for twenty years the dominant party has based its political power upon these minorities. It has run the country in their interests rather than that of the great majority of us who do not belong to them. It has poured out billions in gifts and subsidies. It has showered governmental favors and support upon organized labor until it has become the outstandingly favored class.

In the last year, with the country facing its gravest crisis, the Truman administration encouraged the labor unions in numerous strikes and slowdowns in key plants with defense contracts. Months ago various authorities pointed out that this directly promoted inflation and already had increased the cost of the defense effort by twenty per cent. The climax came when, ignoring all warnings, Mr. Truman threw his influence on the side of the CIO steel union, indorsed their wage demands and seized the steel plants. His action was clearly political. It caused the resignation of his war mobilizer, Mr. Wilson, and widespread indignation in congress and the country. The subserviency with which the President yields to the labor bosses is the more flagrant when contrasted with his appeal to the rest of us for still further sacrifices in the form of taxes.

Most of the American people do not belong to labor unions, but all of them (including those who do belong) do pay taxes. And no one, rich or poor, union or nonunion, but is adversely affected by inflation. Consistent administration support of the labor bosses is unashamedly political. It is the chief cause of inflation, the chief reason for the dragging defense effort, heavy taxes and the high cost of living. The need of the nation for an executive not obligated to take the labor-union side, regardless of the interests of the rest of the country, is certainly clear. Yet, there seems slight chance of getting a man thus free out of the Democratic convention. Any candidate nominated there with Mr. Truman's support must be "cleared" through the CIO bosses just as Mr. Truman himself, on order of the late Mr. Roosevelt in 1944, was "cleared" through the late Sidney Hillman and Mr. Philip Murray.

The newest aspirant to announce himself — Mr. Averell Harriman, now backed by the big New York delegation — is not only New Deal and Fair Deal to his elegant eyeballs but as strongly pro-labor boss as Mr. Truman. In fact, the only Democratic candidate not satisfactory to the labor bosses is Senator Richard Russell, of Georgia, who, though the ablest of the lot, can't be nominated because of the Negroes in the pivotal states of the North who, in the last four elections, have contributed essential support to the Democratic ticket.

Name New Chairman; Give Red Cross Service Awards

NEWTOWN, May 1 — At the annual meeting of Lower Bucks County Branch, American Red Cross, held April 22nd at the Temperance Hose, officers for the coming year were elected. They are: Chairman, Mrs. Arnold Pierce, Yardley, who succeeds Mrs. David Watson; Vice-Chairman, Mrs. Carlton Leedom, Yardley; Secretary, Mrs. Stephen Miller, Newtown, Treasurer, Herbert Walker, Langhorne.

Service pins for years of continuous volunteer service in Red Cross were awarded to members from Bristol, Langhorne, Morrisville, Newtown and Yardley.

The awards were given to the following:

For 35 years service — Miss Frances Landreth, Mrs. Floyd Pratt; 30 years service — Mrs. Thomas Stockham; 25 years — Mrs. Russell DeLong; 10 years — Mrs. Adolph Ancker, Mrs. K. Wisler, Mrs. Thomas Everist, Mrs. Millard Smedley, Dr. A. J. Strathie, Mrs. D. Barker Cook; 5 years — Mrs. Paul Forster, Mrs. Howard Price, Mrs. Julius Sobel, Mrs. Alfred Thompson, Mr. Herbert Walker, Mrs. Fred Watts, Mrs. David L. Watson.

Mrs. David L. Watson, retiring chairman, was presented with a certificate for outstanding work during the past two years.

George A. Nevin, director of fund raising activities for S. E. Penna. Chapter and formerly a Red Cross field director of the South Pacfic area, was the principal speaker. Before taking up his topic for the afternoon which was "Our Part in International RedCross", Mr. Nevin gave a few interesting figures. He said nation-wise Red Cross had reached 88.2% of its fund goal but the chapter figure was only 58.1%. It is estimated that 37 million dollars will be spent on disaster this year, whereas the average is 7 million.

The present flood has left parts of 16 states devastated, and 31,000 families homeless and dependent on Red Cross. To meet this need, an additional 22.9% of the fund quota must be raised.

In speaking about the International Red Cross, Mr. Nevin explained that the board of directors of the International organization is made up entirely of Swiss citizens. The reason for this is obvious if one realizes that in the past 900 years Switzerland has not been involved in war. Under the Geneva Treaty International Red Cross has three responsibilities (1) service with the armed forces, (2) service at the time of disaster, and (3) home service. Mr. Nevin developed these three services and explained how each worked internationally. An interesting fact he brought out was that Canada was the first country to have a national blood program; Holland was second; and the United States, third.

"Constructive Breeder Award" Given Rapuano

For distinguished success as a breeder of Ayrshire dairy cattle, Michael Rapuano, Reidina Farm, Newtown, has been presented the "Constructive Breeder Award" by Ayrshire Breeders' Association.

In order to qualify for this honor, which is considered the most coveted prize in dairy cattle circles, it is necessary for the herd to excell in production and type, and in addition, a high percentage of the herd must have been bred and developed by the owner. The herd has been given an official classification score of .871, which places it among the top 10% of the breed on type characteristics. There were 12 "Excellent" which is the highest rating given any Ayrshire, 14 "Very Good" which is the second highest rating given.

On a strictly twice-a-day milking schedule, the entire herd of 36 head averaged 10645 lbs. of milk. No less than 89% of the herd has been bred or owned by Rapuano for at least four years.

Neshaminy Par First, a 13 year-old owned by Michael Rapuano, Newtown, has completed an actual production record of 11720 lbs. of 3.8% milk and 448 lbs. of butterfat in 305 days on a strictly twice-a-day milking schedule. According to C. T. Conklin, executive secretary of the Ayrshire Breeders' Association, this record is equal to 13267 lbs.of milk and 507 lbs. of butterfat when figured on a mature equivalent basis. The record was made in accordance with the rules of the Ayrshire Herd Test Plan.

The Ayrshire Breeders' Association Herd Test Program is recognized and used by Ayrshire breeders from coast to coast. Monthly production tests are made and supervised in cooperation with the Extension Department of the State Agricultural College.

Anniversary Thoroughly Enoyed by Church Folk

CROYDON, May 1—The banquet, celebrating the 23rd anniversary of Wilkinson Methodist Church, was held Saturday evening. Several former pastors were seated at the speakers' table. Table decorations consisted of yellow and orchid candy-filled baskets and cut flowers. The other tables held potted plants.

A catered dinner consisted of: tomato juice, baked ham with raisin sauce, potatoes au gratin, string beans, cole slaw, applesauce, rolls, tea, coffee, and apple pie.

The Rev. Mr. Heim addressed the gathering and read a letter from the Rev. John Bartram, a former pastor.

Vocal soli were rendered by Miss Dolores Maul, "Italian Street Song," and "Kiss Me Again." Mrs. Ann Hedricks Higgins rendered a piano solo, "Deep Purple."

The group then adjourned to the church, where the following program was presented: Remarks, the Rev. Charles Yrigoyen; "The Goodness of the Lord," choir; remarks, the Rev. George Lurwick, the Rev. Henry Heavener and the Rev. Vernon Murray, former pastors.

The guest speaker was the Rev. Price Collins, pastor of Johnston Memorial Church, Mayfair. He spoke on church organization, likening each one to a spoke in a wheel, the hub of the wheel being Jesus Christ. One hundred attended. Two vocal soli were given by Mrs. Frank Castor, "Perfect Day" and "Evening Prayer."

ALBUQUERQUE (INS)—An hour after the city safety chairman told his committee that municipal employe accidents should be reduced, motorcycle Patrolman John Moore spilled his two-wheeler trying to avoid a car and raised the total another notch.

HORSE SHOW AND COUNTY FAIR TO BE HELD IN MAY

DOYLESTOWN, May 1 — The seventh annual Bucks County Horse Show and Country Fair will be held this year on May 15, 16, 17 and 18, on the Doylestown Fair Grounds, for the benefit of the A. R. Atkinson, Jr. Post of the American Legion.

The Doylestown post veterans are working hard to make the 1952 show one of the most successful in the history of the organization, and with many new persons affiliated with the show plans, the advance picture indicates success.

The fair grounds will be in first-class shape for the show this year, with a number of improvements now under way.

Evening programs this year are scheduled for Friday and Saturday nights, May 16 and 17, according to Edward J. Worstall, president of the horse show association.

Other show officers include Mrs. John Ross, secretary and show secretary; Gerald C. Lodholz, treasurer, and Robert L. Walter, Jr., assistant treasurer.

The Bucks County Horse Show is rated "A" in the hunter jumper division, and entries from many outstanding stables will compete. Saddle horses will be represented by local entries in the three and five-gaited classes, walking horse class, local pleasure horse class and local children's class.

Plans are being completed for the junior division to be shown on Saturday morning, starting with the pony jumping class at nine a. m.

Judging will be done by J. North Fletcher, Warrenton, Va.; Charles J. Barrie, Teaneck, N. J.; Richard E. McDevitt, Phila.; Louis J. Collister, Gates Mills, O. The steward will be John Denny, of Philadelphia.

The horse show committee will be host at a buffet supper and dance in honor of the exhibitors, at the Doylestown Country Club on the evening of May 15.

Entry blanks for the show can be secured from Mrs. John Ross, Doylestown, RD 2.

WOMAN IS ENTERED IN THE 150-MILE "GRAND NATIONAL"

LANGHORNE, May 1 — The feminine touch has been added to the 150-mile Grand National Circuit championship, late model stock car race, scheduled for the famed Langhorne Speedway Sunday afternoon, with the entry of Louise Smith, of Greenville, S. C. Although she is the lone female entered in the grind, Miss Smith asks nor will she receive any special privileges for she is a qualified driver and also an owner of stock cars.

Miss Smith has two late models entered in the 150-mile championship grind at Langhorne. The Nash will be piloted by herself with the veteran E. C. Ramsey taking over the second entry, a Ford. Piloting late model stock cars around the leading raceways is not new to Miss Smith. Her record compares favorably to many of the top performers in the nation.

All of the winners of Grand National Championship staged since early February have submitted entries for the Sunday title grind. This group includes Herb Thomas, defending champion, who took the N. Wilkesboro event; Dick Rathman, of Los Angeles who won the Martinsville race; Bill Blair, winner of the Lakewood title; Tim Flock, the West Palm Beach winner; Buck Baker, winner of the Columbia run, and Marshall Teague, popular Daytona speedster, who annexed the championship race staged at Jacksonville in February.

Co-promoters Irv Fried and Al Gerber anticipate the greatest late model stock car event ever staged at the Bucks County track. Sunday's field will be the largest and fastest field ever presented locally. Qualifying trials will be staged Saturday afternoon and starting positions in the 150-mile title grind will be awarded accordingly.

SIGN TIP

SELMA, Ala. (INS) — Safety officers at Craig Air Force Base have hit upon an effective, novel idea for cutting highway speed and reducing traffic accidents. A large sign at the base informs motorists they can drive to nearby Selma in five minutes at 60 miles an hour or in seven and one-half minutes at 50 m.p.h. the sign cautions: "Don't risk your life for two and one-half minutes."

AID BUILDING

WITH THE UNITED NATIONS CIVIL ASSISTANCE COMMAND IN KOREA (INS) — Ground was broken recently on a $200,000 warehouse construction project in the Pusan port area. Three frame buildings are being erected to house the relief goods which pour into Pusan from United Nations governments and private agencies throughout the world.

LOST CUES

DENVER, (INS) — One major airline wishes half a dozen of its passengers would take a cue from its lost-and-found department at Denver. Six out-sized canes have been left on its liners recently. They're of the variety which unscrew and fit together again as a billiard implement.

MAGNIFIED CROSS-SECTION SHOWS SELF-CLEANING PROCESS

1. All paints collect dust and dirt during the first few months.

2. With Du Pont House Paint, a fine white powder forms after a few months on surfaces exposed to sun and weather.

3. Rains wash off this powder—and with it, much of the accumulated dirt and grime.

4. Self-cleaning leaves surface clean and white . . . keeps it sparkling white for years. This cleaning process is gradual and does not adversely affect the long life of the paint.

DU PONT HOUSE PAINT cleans itself!

Your house *stays* clean and bright when it's painted with Du Pont House Paint. Made of specially blended pigments and oils, this unique paint actually *sheds dirt and dust with every heavy rain!* Normally, the "Self-cleaning" starts within a few months. However, excessive soot or heavy shade, or stains from metal surfaces such as copper screening, may interfere with or delay this process. Ask your Du Pont dealer or painter to tell you how the "Self-cleaning" process works in your area.

Keep your home looking beautiful years longer . . . insist on "Self-cleaning" Du Pont House Paint. It's available in Outside White or popular tints. And to insure maximum performance of the finish coat on bare wood or badly weathered paint, start with a coat of Du Pont House Paint Primer.

PER GALLON $5.95

Save the Surface and You Save All!

Avoid fading worries!

FARMERS PLANT OATS FOR NEIGHBOR

Group Aids Herman Moyer, Who Had Been Ill Long Time

PUT IN 11 ACRES SEED

PERKASIE, May 1. — On the sixty-acre farm of Herman Moyer on the Perkasie-Silverdale road, neighbors and passing motorists observed five tractors at work at the same time. Neighbors had known that Moyer had been ill virtually since New Year. They inquired to learn that traditional neighborly spirit of the community was in operation in a most practical manner.

The workers plowed, prepared for seeding and planted 11 acres of oats for their ill neighbor.

The Hilltown Lions conceived the idea and contacted Perkasie Lions, Perkasie Rotarians and the Perkasie Junior Chamber of Commerce with an appeal for financial aid in financing the proposal. All of these organizations readily agreed to "chip in" and a committee was named to employ a farmer to do the work.

The farmer consented but refused to accept pay. Neighboring farmers learned the plan and volunteered with the result that on Monday four tractors were noisily scurrying over the tract and on Tuesday a fifth tractor was added and by Tuesday evening the 11-acre tract was a level expanse of seeded ground, just like hundreds of other acres on other farms of the farm area in the vicinity of Silverdale.

Those who furnished tractors are I. G. Rosenberger, Walter Eckhart, Roscoe Moyer, Fred Hansel, Ralph Schmidt, Ephraim Detweiler and Ira Moyer.

Mr. Moyer is gradually regaining strength and hopes to be able to resume his farm work early during the summer.

Calvin Solla and New England Miss Are Wed

BOSTON, Mass., May 1 -- Miss Mary Irene Cleveland daughter of Mrs. Percy LeRoy Cleveland, of Mattapan, Mass., was married to Mr. Calvin Edwards Andrew Solla, son of the Rev. Dr. and Mrs. Andrew G. Solla on Saturday, at eight p. m. The wedding took plaec in the Old South Church, this city. The nuptial ceremony was performed by Dr. Andrew G. Solla, father of the bridegroom, assisted by the Rev. Theodore L. Clapp, one of the associated ministers of Old South Church.

The bride was given in marriage by her brother, Mr. Donald Cleveland, of Lynnfield Center. The matron of honor was Mrs. Ruth Cleveland, sister-in-law of the bride, and best man, Mr. Robert D. McManigal, Levittown, N. Y. The ushers were Mr. John M. Wardell, Point Pleasant, N. J., and Mr. Harbour Mitchell, Jr., Bryn Mawr, Pa. The best man and ushers were all college classmates of the bridegroom.

A reception was held in the guild room of the church, some 200 people being present. Mr. Solla is a graduate of Lafayette College, Easton, Pa., class of 1950; and the bride is a graduate of Boston University, 1950 class. Both served in the armed forces during World War II. Upon the return from their wedding trip, Mr. and Mrs. Solla will reside at Lynnfield Center.

TESTIMONY TO START TODAY IN THE MURDER TRIAL OF EDWARD J. COOK, AT DOYLESTOWN; JURY VISITS SCENE OF SHOOTING OF WILFRED DAVID, BRISTOL TWP., YESTERDAY

Court Room is Practically Deserted Except for Those Required to Attend

2 ALTERNATE JURORS

An Argument Over Cook's Wife Said to Have Been Cause of Fatal Shooting

DOYLESTOWN, May 1 — The hearing of witnesses in the Edward John Cook murder trial is scheduled to begin today in Bucks County Criminal Court. Cook, 39, of 3400 Hartnell avenue, Philadelphia, and a former resident of Bristol, is charged with the murder of Wilfred H. David, 40, Gloucester, N. J. The fatal shooting took place at the plant of Seaboard Container Corp., in Bristol township, Sept. 1, 1950.

Arguments over Cook's wife are said to have been the cause of the fatal shooting. David died July 21, 1951 in Jefferson Hospital, Philadelphia.

The jury visited the scene of the fatal shooting yesterday afternoon after the selection of two alternates, which completed the jury panel.

The two alternate jurors selected are Walter Scott, retired, Newtown; Ella Stock, housewife, Parkland.

Men and women jurors who were either excused or challenged Tuesday were as follows:

Harold W. Hartman, Quakertown, RD 2; Kathryn Ross, Bristol, RD 1; Flora McNair, Chalfont, RD; Agnes Bonnel, Langhorne, RD; Joseph Fallon, Bristol; Jane Schweitzer, Croydon; Verna L. Gephart, Telford; Grace Stoneback, Quakertown; Harding Longcope, Perkasie, RD 3; Joseph E. Otto, Cornwells Heights; Francis Frankenfield, Upper Black Eddy; John T. Baron, Bristol; Albert Miller, Perkasie, RD 2; Elizabeth W. Gardy, Doylestown; William Rose, Croydon, RD; John Paglione, Bristol; Stella Little, Andalusia; Helen B. Dowd, Point Pleasant; Anna Peters, Bristol, RD 2; Walter Wickham, Morrisville; Dora A. Cressman, Sellersville; Elwood Smith, Bristol, RD 1; Anna Russell, Trevose.

Thirty-eight men and women were called on Monday and the first day ended with eight on the jury panel.

With the exception of persons, who are attending court because of routine matters, there has been no one attending the murder trial out of interest so far. The large court room is practically deserted except for the Court officials and attendants necessary in this trial.

Former Burgess Walter Scott, of Newtown, who was the first of the special venire of 15 to be examined, was chosen as the first alternate. Mrs. Ella Stock, Parkland housewife, is the second alternate. She was the fourth member of the special venire panel to be chosen.

The special venire panel, summoned "from the bystanders in the county," by Deputy Sheriff William B. Lang, included the following:

Lester C. Worthington, Newtown twp., farm manager; David K. Reskill, Newtown salesman; Courtland Y. Goodnoe, Newtown, carpenter; Raymond F. Bassett, Wrightstown, clerk; John S. Tracey, Newtown twp., retired; Owen S. Davis, Newtown, retired; Theodore R. Miller, Spinnerstown, farmer; Frank Benner, Perkasie, retired; Arthur Heavener, Perkasie, retired, second juror examined, challenged; Pearl Yost, Silverdale, third juror called, challenged; George W. Greeley,

THE STEEL CASE DECISION

Not for many years has the judicial opinion of a lower court promised to have more far reaching effects on our concepts of government than is the fact with the decision rendered by David A. Pine, U. S. District Judge, restraining President Truman's take-over of the steel industry.

Judge Pine is well-named, for pine runs straight and sturdy, and David was famous giant-killer, and in this decision Judge Pine has done perhaps as much as any other one man in history to allay the dangers of dictatorship in America.

A long list of principles once considered to be fundamental in our system of government, but quite largely brushed, aside and disregraded in recent years, have been reaffirmed in this decision.

One of these is the concept of "checks and balances" — that is to say, with reference to the powers of the president, that these are not limited only by elections and impeachment, as the Federal counsel sought to argue, but that they are strictly limited by the Constitution, by the statutes, and also by the assignment of powers to other branches of government.

In line with this principle of limited or restricted powers, Judge Pine specifically ruled that the oft-heard theory that "you can't enjoin a president" is without validity. This point, dressed up in formal legal treminology, was brought out in the course of the government's case, and was categorically overruled.

Also in line was the complete refutation of the theory of "inherent" powers of a president under the Constitution — a pretext which has often been heard as supposed justification for otherwise lawless and arrogant acts of the chief executive. "Inherent" powers are not to be confused with the "implied" powers, which latter are those not expressly stated in the Constitution, but more or less obviously necessary for the president to perform his assignments under the Constiution. "Inherent" powers are vague powers supposed to belong to a president just because he is a president, and they nearly always have

PEOPLE "KICK AWAY" CHANCES OF A CURE

False Modesty Sometimes Deters Physician in Cancer Examination

AN ELUSIVE ENEMY

This is the fourth article of a series telling the dramatic story of America's men and women scientists who are devoting their lives to wiping out cancer.

"The Cancer Fighters"
—ARTICLE FOUR—
By Charles Einstein
(I. N. S. Staff Correspondent)

NEW YORK, May 1 — (INS) — Finding cancer in human beings often is not so much a question of finding the cancer as it is of finding the human being who has it.

Doctors vested with the task of cancer detection often wonder where good sense leaves off and insanity begins in their patients.

One physician in New York found a far-advanced case of breast cancer in a woman patient who had only recently had a general physical checkup. The reason her own doctor had not found the cancer was that, in a startling degree of false modesty that probably wrote her death warrant, she had not let him examine her body.

Thus it is that the cure rate for cancer is a two-fold thing. One rate is the ability of doctors to cure cancer. The other is the number of cancers that actually are cured. And because people disregard general physical checkups — not to mention pain and other actual symptoms—they are kicking away their chances for cure.

The problem for doctors comes down, then, to finding something that will detect cancer despite the patients themselves. Even with cooperative patients, cancer often is an elusive enemy.

An X-ray specialist at the University of Minnesota ran up against this problem. Time and again, lung cancers developed to a dangerous, possibly fatal, point before they showed up in the X-rays.

Then the specialist noticed something. Little harmless-looking dots seen in the same patients in earlier X-rays were the same things that grew into the cancer. Thus, by encouraging patients to save their old X-rays, doctors now can spot possibly cancerous growths not by being able to identify them in themselves, but by comparing new X-rays with old ones. The spots that grow are tumors.

At Massachusetts General Hospital, an amazing device called a

FIRMS MAKE HOSPITAL PART OF "OPERATION"

Industry Joins Hands With Rest of Community In the Project

SOME "PAID IN FULL"

"Corporations operating within the Lower Bucks County Area have, in a real sense, made the Lower Bucks County Hospital a part of their company's operation. Industry has joined hands with the rest of community in this well considered project. Corporations, participating in the hospital building fund, have the satisfaction of knowing that they are helping guarantee their own future by investing in the well-being of their working forces," says a statement released by the hospital committee today.

"Hastened recovery of the sick and injured personnel; reduced absenteeism and lessened production delays; shorter hospital stays as facilities improve, resulting in reduced compensation costs; improved employee morale and peace of mind, stemming from the knowledge that a sick wife or child is assured best of care; a healthier working environment through making available the results of medical progress; improved public relations from demonstrated readiness to share in a community service are among the benefits to the Company Family".

"Several corporations have already rendered their pledged subscriptions 'Paid-in-full': Barker & Williamson $500; Vulcanized Rubber & Plastics Co. $1,000; Warner J. Steele Co. $2000; Roberston Mfg. Co. $2,500; Superior Zinc Corp. $7,200; Hunter-Wilson Distilling Co. $7,500; Minnesota Minning & Mfg. Co. $15,000; Paterson Parchment Paper Co. $20,000; Rohm & Haas $174,804 totaling $228,504 or nearly half of Industry's pledged support received into the hospital building fund treasury to-date".

"There are, of course, those companies that are making their scheduled payments as pledged; Cornwell Chemical Corp., Hunter Manufacturing Co., Kemline Co. & Employees combined, Manhattan Soap Co., Pennsylvania Salt Co., Warner Co., Farmers National Bank. The combined installment payments of these Companies to-date is $20,800 establishing the fact that some of the corporations here listed are also making payments in advance of their payment dates.

"Corporate management has assumed this responsibility because it recognizes that a good hospital is essential to the conduct of good business. Industry is willing to view a share in the cost of building our hospital as a legitimate charge on business because it shall derive from the hospital certain tangible and necessary benefits that cannot be obtained as well in any

FIREMEN TO MEET

There will be a meeting of Bristol Volunteer Company, No. 6, tonight at 7.30 o'clock in the fire station, Hayes street. All members are requested to be present.

Converse With Taft On Trip to C. of C. Function

Six members of Bristol Chamber of Commerce attended the congressional dinner given by the U. S. National Chamber of Commerce at the Mayflower Hotel, Washington, D. C., on Tuesday.

The party included: President of Bristol Chamber, Chauncey Stoneback; treasurer, James Wilson; directors, Edgar Spencer and John Johnson; member of National C. of C. William Aiken; and delegate-at-large, I. Johnston Hetherington, burgess of Bristol.

Noting that Senator Robert A. Taft was a passenger in the same pullman car, Burgess Hetherington invited him to join the party, and the localites conversed with the candidate for the Republican nomination for the presidency for an hour en route to the capital city.

The six were guests of Minnesota Mining & Manufacturing Co. at the George Washington Hotel during the day. At the dinner at the Mayflower they heard an address by Congressman Gavin, of Pennsylvania.

BUSY TIME NOW AT HAPPINESS AVIARIES

Breeding Season Now For Canaries; Birds Develop Very Fast

OTHER TYPE BIRDS

That parakeets lay from four to 10 eggs at a time, hatching possibly eight birds from 10 eggs, is a surprise to the layman.

But this is the usual thing in the parakeet world according to Raymond G. Banker, of Happiness Aviaries, 312 Wood street.

It is a busy time just now at the Happiness Aviaries, Mr. Banker advises, this being the breeding season for canaries. "Although a canary egg is about the size of my little finger nail, the newly-hatched birds develop fast," he adds, "and when three weeks old, a canary will be as large as an adult canary." But the canary nest usually holds from three to six eggs, somewhat less than that of the parakeet.

Another type bird which is plentiful at these aviaries is the finch, and inasmuch as the finch comes in a variety of colors and breeds, there might be a surprise waiting the visitor each time he arrives for a "look-see". The finch lays three or four eggs at a time.

Another thing that amazes many folk is that a parakeet oftimes acquires a vocabulary of 300 to 400 words. "But a bird must be kept by itself and started talking young," Mr. Banker advises. One of the birds hatched at 312 Wood street is now owned by a Surf City, N. J., woman, and the bird is often heard to call to the owner "How about something to eat, Blondie?"

The parakeets, noted for their colors, range through the blues, or are in beautiful shades of green and yellow, also white.

At this aviary, there are oftimes color-bred canaries, ranging to deep orange, some being mottled.

Mr. Banker is a painter by trade, but it was when his wife was ill some time ago that he started out with a pair of canaries. The family of birds grew. For a number of years, Banker continued his interest in canaries, raising them as a hobby. Two years ago the business

PAY INCREASE IS APPROVED FOR SCHOOL STAFF

Salary of Dr. Charles H. Boehm Increased From $10,000 to $12,500

OTHERS ARE BOOSTED

Assistant Superintendents Are Each Given Increases of $500 in Salaries

By Staff Reporter

LOWER MAKEFIELD TWP., May 1 — One hundred and fifty Bucks County school directors met in the Pennsbury High School, here, at 6.15 last evening for the annual dinner and convention.

Principal speaker was Dr. Charles H. Boehm, Superintendent of Bucks County Schools, who addressed the group about the growing teacher problem. His speech, in part, is as follows:

"The total school building requirements for the county is so staggering that it may appear to some that we are trying to measure the success in our schools by the millions we are spending for new buildings. Of course that is not true, we still believe that the teacher is the center of instruction.

"The building program is important . . . the personnel problems are becoming increasingly important. . . . Last Saturday, at a state program on which I participated in Wilmington, the governor and the congressman pointed out that the inducement of teachers to come to Delaware was their most impor-

SENTENCED FOR AN ASSAULT ON OFFICER

Former Marine Angered At Delay in Getting Home, He Claims

FORMER DIFFICULTIES

DOYLESTOWN, May 1 — Judge Edward G. Biester on Monday sentenced Ernest Orsini, 27, 2830 North Palethorpe street, Philadelphia, a Fairless Works steel plant construction worker, to pay $100 fine and the costs of prosecution and serve not more than a year in the County Prison. Judge Biester asserted that "We will not countenance this sort of conduct in Bucks County."

Orsini, a structural iron worker, was convicted by a jury in September, 1951, of assault and battery on a voluntary policeman, John Jackson, within the plant site August 16, at Bordentown and Chapel roads, Falls twp.

The husky, dark-haired former Marine was operating his car and on his way home when Plant Policeman Jackson was directing traffic at a busy intersection. Orsini, after demanding to know what authority the officer had, punched him, kicked his hat around and dared him to step in front of his car.

"You were in a hurry to get home so were hundreds of other men that same day," said Judge Biester. "You and your friends in

LATEST NEWS BULLETINS

Allies Inflict 2116 Casualties in Week

Seoul—Eighth Army headquarters reported today that Allied troops inflicted 2116 casualties on communist forces in Korea during the week ending last Monday. Of this number 837 enemy troops were reported killed, 1252 wounded and 27 captured. Only normal probing and patrol activity was reported today. An artillery duel between big communist and Allied guns on the western front began last night but ended before dawn. In the air war, Allied headquarters increased the score of Red planes hit Wednesday by a total of two.

"Jap" Communists Riot in Tokyo

Tokyo—Thousands of Japanese communists, hurling rocks and brandishing clubs, rioted through the streets of Tokyo today in a violent May Day demonstration, injuring hundreds of Japanese and several Americans. The communists, shouting "go home", drove American servicemen and civilians from the streets under a barrage of rocks. Two mobs stormed the Palace grounds and were driven back by tear gas. By 6 p. m. police reported 100 policemen were hurt, 30 of them seriously.

Stalin and Other Leaders Watch May Day Parade

Moscow—Premier Stalin and other top Soviet leaders watched Moscow's annual May Day parade and display of military might in Red Square today. Stalin, in the uniform of a Soviet Marshal, viewed the parade from Lenin's tomb. He was flanked by members of the Politburo, inculding Deputy Premier V. M. Molotov, Georgi Malenkov and Lavrenti Beria.

Smash Attempted Raid in French Sector

Berlin—West Berlin police used clubs and high pressure water hoses today to smash an attempt by 4,000 communists to stage a May day raid into the French sector. Thirty-six of the would-be invaders were arrested in the biggest incident of a potentially explosive May day observance which brought monster rallies in both east and west Berlin.

Eddington Aid and Friends Visit The Salvation Army

EDDINGTON, May 1 — Several members of the Ladies' aid, Eddington Presbyterian Church, and their friends, 24 in all, were guests of the Salvation Army in Philadelphia, on Tuesday. They visited the Brown recreation center, where they were entertained by the children of the day nursery conducted at the center. Lunch was served them in the Service Center.

In the afternoon they were taken by bus to the Men's Social and Rehabilitation Center, where they witnessed the repairing of furniture, sorting of newspapers and magazines, the repair of all kinds of appliances by the men seeking rehabilitation. They visited the dining room, libraries, reading rooms, dormatories and social hall. They were told by their guide how the Army works for the spiritual uplift of those in need.

SEWER CONSTRUCTION IS GIVEN APPROVAL

Morrisville Council Votes To Accept Plans, Subject To Revision

RATIFICATION SOON

MORRISVILLE, May 1 — Construction of Morrisville's first sewer system received expression of approval by six councilmen, when a conference was held by six of the eight council members and the Board of Authority in the conference room of Vulcanized Rubber Co. The councilmen heard plans outlined by Alfred O. Redland, chairman of the Authority, and voted to accept them subject to later revision.

No record vote was taken, however the matter will come up for formal ratification May 13th.

On the strength of council's action, Redland said, the authority will ask bids for construction of the system on June 6 and will have an engineer's report ready for council's approval on June 10. If council approves, he said, work on the sewers will begin by the middle of July.

Redland stressed the need for immediate installation of sewers by the borough, pointing out that new housing developments on the outskirts, which are negotiating to use the new system, could not wait. Morrisville, he said, could cut the cost of its sewers for each resident by renting its sewage facilities to neighboring communities.

George A. Elias, district engineer for the State Department of Health, who attended the meeting, expressed the belief Morrisville should have installed sewers years ago, since its present system of cesspools is inadequate, and nearby streams are being polluted by the illegal practice of venting household drains directly into storm sewers.

Redland said the cost of such a a system last September was given as $3,200,000. The authority's plan, he said, called for financing through sewer assessments on property owners, plus annual sewer rentals

Two Station Wagons Are Considerably Damaged

Two station wagons were considerably damaged yesterday afternoon at the intersection of Hulmeville and Street roads, Bensalem township, as the result of a collision.

According to police, Mark R. Guest, 42, Neshaminy, operating a station wagon northeast on Hulmeville road, failed to stop at a "stop" sign. Mrs. Rebecca E. Fowler, 924 Third avenue, Croydon, operating a station wagon south on Street road, struck the Guest machine broadside, according to police.

No injuries were reported.

Damage to the Guest vehicle was approximately $450 and to the Fowler station wagon, $350.

Investigation was made by George Rentz, Bensalem township police chief.

3 TRANSPORTED

Transported by the Bucks County Rescue Squad yesterday were: Deann Hinkie, 10 years, 1843 Bristol Pike, Croydon, treated at Squad Clinic for severe lacerations of left knee, removed to the office of a physician for treatment and returned home; Charles Dintinger, Langhorne, and Frank Bonner, 644 Spruce street, to Abington Hospital.

FIREMEN ACTIVE

A barn fire at the Rohm & Haas experimental farm was extinguished by Bristol firemen yesterday at 10.20 a. m. Fire Chief Samuel Hagerman stated that there was only slight damage and that the cause of the fire was undetermined. The firemen also extinguished a grass fire last evening at Prospect and Jefferson at 6.40 p. m.

FARMERS NATIONAL BANK TO OBSERVE "OPEN HOUSE" SATURDAY; PUBLIC TO INSPECT REBUILT, ENLARGED BUILDING

Four Times Its Former Size, Banking Structure is One of Most Imposing in the Area — Facades, Landmarks Since 1818, Preserved — No Formal Program Arranged on Tour Day.

Farmers National Bank of Bucks County, 244 Radcliffe street, will hold "open house" Saturday afternoon from one to five o'clock to permit the public to inspect its completely rebuilt and greatly enlarged building.

Approximately four times larger than before the improvements were begun, the bank's structure now has become one of the most imposing buildings in the area.

The famous facades, landmarks since 1818 on Radcliffe street and also as seen from the Delaware river, have been preserved, but now form the central portion of a much larger building.

Thusfar the public has been able to see only the exterior of the bank, while the reconstruction and redecoration was proceeding, as well as one wing of the lobby which has been used for the Bank's business during the alterations.

On Saturday inspection can be made of the entire lobby, now about 80 feet long; the new suite of offices and conference rooms; the enlarged vault and safety - deposit quarters; the new basement floor, with the directors' room and a reserve space which can be used when need arises, to duplicate the lobby and tellers' windows on the first floor; the new second floor, with its soundproofed bookkeeping rooms, and other new accommodations.

There are no speeches or other program for the reception. Refreshments will be served.

Founded in 1814, Farmers National Bank is much the oldest bank in Bucks County, and one of the oldest in the state. Its assets, which have grown with great rapidity in recent years, now are more than $14,000,000, making it also considerably the largest bank of the county.

The bank was established at Hulmeville, which in the early part of the last century was the main commercial and industrial center of Bucks County. Its founder was John Hume, a wealthly merchant, descendant of the family which gave its name to Hulmeville. It was incorporated under the state laws passed to meet a financial emergency resulting from the wiping out of the national banking system. The word "national" first appeared in the bank's name during the Civil War, when Abraham Lincoln put into operation a new federal banking program parts of which continue today.

Bristol rose to leadership in the county and in 1823 became the Bank's home, the quarters first occupied being at Mill and Cedar street. The legend concerning the removal of the Bank to Bristol is that Authony Taylor, the then president, loaded all the bank's assets and possessions into his carriage and moved the bank in a single trip. Most of the early banking equipment, including the strongbox, seal, furniture, books, etc., are still in the bank's possession and will be on display Saturday.

In 1830 the bank bought the magnificent private residence at 244 Radcliffe street which had been built twelve years earlier by James Craig, a nephew of Nicholas Biddle, and which was a close copy of the original portion of Andalusia, the Biddle family's Colonial home a few miles down the river.

This mansion was a model of the purely Greek architecture of the type which profoundly modified American tastes down to today in the style of its public buildings.

Through the years many modifications were made to the interior of this building, to adapt it to use for banking purposes and to keep abreast of the community's growth.

STEEL CRISIS IS IN A CONFUSED STATE

Steel Companies and Government Caught in Legal Maze

THE HAPPENINGS

By Felix Cotten
INS Staff Correspondent

WASHINGTON, May 1 — (INS) — The confused steel crisis is headed today for a Supreme Court review after the U. S. Court of Appeals temporarily returned the strike-bound industry to the government.

A strong current of swift-moving developments caught the government and the steel companies in a legal maze yesterday. In brief, this is what happened:

District Judge David A. Pine, who had decided President Truman's seizure order was unconstitutional, granted temporary injunctions which would return the mills to the owners.

The government appealed, and the Appelate court ordered the injunctions held up until the case goes to the Supreme Court.

As the legal sparring progressed, Commerce Secretary Sawyer, who again heads the industry, will hold a news conference at 11 A. M. (EDT) today.

Although there was no indication that Sawyer might offer a wage increase to 650,000 steelworkers, company attorneys are prepared to ask the Appeals Court to modify its order and prohibit any pay hike while the stay is in effect.

A government move to urge, or possibly order, the striking workers back to the job was expected.

Acting Attorney General Perlman, in his vigorous plea to the nine-man Appeals Court, pledged that the government will make every effort to get steel production resumed as soon as possible.

The 5-to-4 order of the court gave Perlman until 4:30 P. M., Friday to file his writ asking the Supreme Court to take jurisdiction, but he told newsmen he believed he could file sometime today.

Justice Henry W. Edgerton of the Appeals Court announced the majority verdict. It said the stay was issued "in order fully to preserve the jurisdiction of the Supreme Court and of this court."

It added that the stay will be in effect until the Supreme Court acts on the petition to take jurisdiction. If, however, the high court denies the petition, then the stay is in effect pending further order of the Appeals Court.

If the Supreme Court takes the case, it will pass on the question of keeping the mills under Federal

The U. S. Mint building at 16th and Spring Granden sts., Phia., was turned over to the government in 1901.

Mrs. Preston Bell To Be Buried on Saturday

Following a lengthy illness, Mrs. Lulu Thomas Bell, 37, 637 Swain street, died yesterday morning in Abington Hospital. Mrs. Bell had been organist and directress of Bethel A. M. E. Church choir.

Survivors are her husband, Preston Bell; two brothers, James Fields, Atlantic City, N. J.; Victor Thomas, Lancaster; parents, Mr. and Mrs. Walter Thomas, Clarksburg. She was the foster daughter of the Rev. J. H. Queen, former pastor of Bethel A. M. E. Church.

The Rev. Charles H. Carter, Jr., pastor of Bethel Church, will conduct services Saturday at one p. m., in that church. Interment will be in Bristol Cemetery under direction of John C. Black, 314 Cedar street. Friends may call at the church from seven to nine Friday evening.

Hears Fire Whistle in Phila.

—o—

(By "The Stroller")

Yesterday a Bristol resident in Philadelphia heard the Bristol fire whistle blowing in Bristol.

This is how it happened:

Thomas C. Clark, 1214 Pond street, a member of the P. R. R. staff in the Philadelphia headquarters, was carrying on a conversation with John Meyers of the P. R. R. staff in Bristol.

"Want to hear the Bristol fire whistle?" asked Meyers.

Clark was somewhat taken by surprise but just then he heard the familiar sound of the Bristol fire whistle. Meyers was holding the telephone open in the Bristol freight office and the sound was transmitted to Clark.

The alarm sounded was "55."

SCIENTIFIC SECRECY

Dr. James B. Conant, president of Harvard, points out that the involvement of science with government and politics and the resultant "security" measures constitute one of the most important developments of recent years. He says those who are competent to discuss atomic energy cannot do so because of security regulations and that the information reaching the public is mostly misleading because it comes from politicians who, he says in effect, do not know what they are talking about.

The present wall of secrecy, Dr. Conant says, is a necessity in "these grim years of rearmament." But he wants the public to be "constantly aware of its existence" and to understand its threat to the advance of science. He insists that the free exchange of data among scientists has proved essential to progress in many fields, mentioning specifically synthetic fabrics and drugs. He warns that secrecy must not be extended further than is required or into branches of science far distant from nuclear physics.

As with so many others who have protested scientific secrecy, Dr. Conant leaves the suggestion, undoubtedly unintended, that American security restrictions are unique. Were the United States to suspend all security regulations, the only reaction in the Soviet sphere of influence would be mocking laughter. Communism would continue to veil its science and gag its scientists.

The problem of secrecy in science is only part of the world-wide maladjustment of society. Until the larger problem is solved, scientific secrecy will continue and instead of being held within present limits, as Dr. Conant urges, the prospect is that it will spread, an ugly aspect of an ugly era.

ROME HAILS A BIRTHDAY

Rome had a birthday the other day—its 2705th. Or it might be more accurate to say that Romans celebrated their city's birthday on that day. No one can prove that Rome was founded on April 21. The only certainty is that the date has been honored as the city's birthday since remote antiquity.

Anyhow, there was a celebration and it turned out to be a memorable one. The main feature of it was inauguration of a subway system. The system is only one mile long at the moment but it is indubitably in operation. News accounts described Romans as almost deliriously happy when the first train rumbled into the tube. One jubilant passenger cried out that it was a "historic moment."

It sounds a little strange when commencement of subway service—on a line one mile long—is called "historic".

But Romans for years have thought that a city in these times is hardly modern unless it has a subway. After 27 centuries Romans still love their city, take joy in its present, hope for its future.

J. Leslie Kilcoyne, who represented Orsini, said the defendant has married since the trial and that his wife expects to be a mother. "The nicest wedding gift you could give the man, Your Honor, would be not to send him to jail."

Orsini, who denied that he was hot-tempered, admitted he has been in trouble for a "numbers" offense and also for assault and battery but was acquitted.

Lieut. Joseph F. Soltis and Officer John Jackson, Yardley, RD, were the plant policemen involved in the fray. Judge Biester indicated that he will consider application for a parole at the expiration of 30 days.

HULMEVILLE

Mrs. Alfred Woolman is one of a group of three leaving yesterday for six weeks trip by automobile to Georgia and Florida. Also in the party are Mrs. Elsie Walters, Langhorne, and Mrs. Ann Lever, Philadelphia. In Georgia the trio plans to visit relatives of Mrs. Walters. The remainder of the time will be spent at St. Petersburg.

C. Wesley Haefner spent Monday and Tuesday at New Britain, Conn., where at the plant of Fafnir Bearing Company he was honored for 25 years service with that firm. Mr. Haefner, who is assistant branch manager, Philadelphia territory, has been with the Fafnir firm since 1927. He was presented with a wrist watch, and was guest of honor at a dinner at the Shuttle Meadow Country Club. On Friday members of the Philadelphia office force feted him in that city.

On Monday, Mrs. Henry Mills and daughters, Ruth Ann Mills and Marcia Gillette, concluded five days visit with Mrs. Mills' parents, Mr. and Mrs. Charles Smalley, at Darby.

Jefferson Davis was born June 3, 1808.

other way. Thus corporations within the service area have accepted the principal of sharing with individuals and the public at large in the capital cost of the hospital facilities our community so sorely needs.

"Since most of the subscriptions pledged by the residents, businessmen, professionals and those on employee payroll deduction are based over a period of approximately 100 months, it was evident from the beginning that in order for the project to be progressively planned and followed, the bulk of the early needed funds would have to be forthcoming from our industries. It is indeed encouraging to have such assurance as the above that Industry is meeting its important role and doing its part towards the early erection of the Lower Bucks County Hospital".

Four Girls Are Honored At Fergusonville Center

NEWPORTVILLE, May 1 — The Fergusonville Girls Club held a meeting last evening at the Community Center. Preparations for a 4th of July parade were discussed; also other activities. A birthday party was celebrated with four being honored: Susan Perpente, Susan Wilson, Joan Parker and Christina Charlton. Decorations were in pink, blue and white, with two decorated birthday cakes as the center of attention. Pretzels, potato chips and ice cream were served.

Refreshments were donated by parents of the honored guests. Each of the four received a silk slip from the club.

Entertainment was enjoyed with specialty numbers rendered by Mary Lou Wommer, Susan and Marjorie Perpente, accompanied by musical recordings.

Several other girls rendered songs.

Two new members were welcomed, Barbara Casperson and Winnie Lou McCurdy.

Pay Increase Approved For School Staff

tant concern for the next ten years. Three thousand dollars for a beginning teacher and $3500 for one with a master's degree was proposed. Other inducements such as scholarships, and teacher welfare benefits were suggested. . . . Bucks County is an abnormal situation and may be expected to continue so for the next 15 years. We will have 500 new elementary school positions in eight years. . . . Higher salaries alone will not solve the problem; good working conditions will mean a great deal. It has been suggested that we intensify our efforts to enlist college seniors to go into teaching. It was further suggested by two school boards that a representative of the county staff be sent to the middle west to recruit teacher applicants for Bucks County. It may be necessary to do so.

"There have been problems of teachers jumping from one district to another. I believe we can resolve our differences. . . . We know of no group of volunteer public servants (school directors) whose position in the pending crisis is more important; none more challenging and none from which a greater satisfaction of service can be realized."

The executive committee elected Forrest C. Jobes, president of the Pennsbury Joint Board, and Kenneth Comly, member of the Neshaminy Joint Board, to the County School Board, each for terms of six years. The new members were chosen in an effort to give representation to the areas most deeply concerned with expansion, it was stated.

Due to the tremendous amount of work falling on the county office as a result of unprecedented expansion, the salaries of the county staff were raised. Dr. Boehm's salary was raised from $10,000 to $12,500. His assistants, Dr. Genevieve Bowen, County Elementary Supervisor; Dr. Paul Gruber, Superintendent of Secondary Schools; and Dr. Ruth Fedder, Superintendent of Exceptional Children, all received $500 increases. Dr. Morton Botel, County Reading Consultant, had his salary boosted to $6,000. The increases go into effect July 1.

Approval was granted for the employment of two specialists for the school term 1952 to 1954 for a reading and speech program in Bucks County schools. The program has received support of school officials in the past.

Following adjournment of the business meeting, President of the County Board of School Directors, H. Franklin Moore, of Blooming Glen, invited the group to assemble in the auditorium. They were addressed by Forrest C. Jobes, presidents of the Pennsbury Joint Board, who explained to the gathering that a statue of William Penn was to have been presented to the high school by Earl E. Moore of the U. S. Steel Co., yesterday morning, but that the steel strike made it prohibitive. He then introduced Mr. Moore, vice-president of U. S. Steel Co., and head of Industrial Relations, who spoke to the directors and to a citizens committee for vocational education.

Mr. Moore stated that industry has always been concerned with educational problems and that the U. S. Steel Co. has had an excellent opportunity to observe education and its adaptability to the steel business. Mr. Moore lauded Bucks County as being a leader in the field of education, with an educational system "to which the nation, as well as the state, may look with pride."

Moore spent a substantial portion of his 40-minute speech outlining the evolution of the Chicago Vocational School. He stated that there has been a feeling that it is not dignified to work with your hands and that this sentiment is strong at the moment. "There is a tendency to judge a person by his education, rather than by the contribution he makes to economic life. The man who works with his hands has always been the basis for civilized economy."

"Young people who have been unable to continue their educations and have entered vocational schools have a head start on regular high school graduates in industry. They have studied something that they have an inherent ability for doing and something that stimulates their interest, which is a sure deterrent to juvenile delinquency," Moore stated.

In answer to some questions following his speech, Moore stated that women would most certainly be hired for mill work in the advent of a critical manpower shortage. He added that some 15,000 women worked for U. S. Steel during World War II.

Two members of the State Assembly from Bucks County, the Hon. Wilson Yeakel of Perkasie and the Hon. Marvin Keller of Newtown, were in attendance. Also present was John J. Appleyard, Public Relations representative from U. S. Steel Co.

The Bucks County Music Educators Association presented a repeat performance of the music festival held here, several months ago, following Moore's speech.

DELHAAS JUNIORS WIN IN MEET WITH PENNSBURY

MORRISVILLE, May 1—Delhaas Junior High won over Pennsbury Junior High, 44½-36½ yesterday in a dual track and field meet on the Morrisville High field.

Nine points in each the 880 and discus throw gave Delhaas the triumph. Bob Synakowski, Everett, and Ed DeKoyer finished in that order in the 880 while Ted Konyves, Ed Huett, and Fryer ended one, two, three in the discus. Pennsbury scored eight points in the 440 and pole vault.

Bob DeChico won the 100 and 220 for Delhaas. His time in the 220 equalled that of the winner of the senior teams meet while he was one-tenth of a second slower in his 100 time.

WHITFIELD, IN RELIEF JOB, WINS FOR BENSALEM

NEWTOWN, May 1 — Fine relief hurling by Bob Whitfield and a five-run uprising in the sixth gave Bensalem Township High its second win of the Lower Bucks County League here yesterday as the Owls defeated Council Rock High, 5-3.

Whitfield relieved Ron Elliott after the latter went sour in the second frame and permitted two runs to score without an out. Whitfield finished the inning and then blanked Council Rock the remainder of the tilt with two hits. He fanned eight and walked two.

Russ Morris was going great for the Indians until clipped for the quintet of runs in the big frame. He struck out Arnold to start but Russ Struble, Harvey Crowthers, and Joe Mikelaitis drew walks. Morris got by Whitfield by whipping a third strike past him. But Dick Gloyd scored two runs with a single and when Harry Robinson reached base on an error, the bags were again loaded. Al Parker's hit accounted for Mikelaitis and Gloyd crossing. Robinson made a steal home for the fifth tally of the inning.

Busy Time Now At Happiness Aviaries

was started, with Mrs. James Schell as a partner. The population of the aviaries ranges from 300 to 400 birds at a time.

In the past two years, 300 to 400 canaries have been hatched there, as well as several dozen parakeets.

Other birds are secured on order, these including an occasional parrot. Usually one of the stipulations in regard to parrots is that they be able to talk.

The greatest demand for birds is around the holidays — Christmas, Easter, Mother's day; and many birds are bought as birthday gifts.

The partners in the bird business —the housewife and the painter — have many visitors at their aviary, especially now at canary breeding season.

People "Kick Away" Chances of A Cure

Continued from Page One

scintillation counter is busily at work detecting brain tumors. Radioactive material is injected into the brain. For some reason, it collects in greatest quantity in tumorous cells. And the scintillation counter, which is a kind of super geiger-counter, can pick up rays from tumors that the ordinary geiger counter wouldn't even notice.

Cancer cells show up in smears from the uterine cervix from saliva and other body washings. At Cornell Medical School, scientists have their patients swallow a balloon. They blew the balloon up inside the body. Then they let the air out and remove the balloon. Clustered on the sides of the balloon are internal cells. Cancer cells, if the patient has cancer, will be there too.

The thing doctors would dearly love to do would be to find a reliable blood test for cancer. It not only would be simple for the patients—it would be simple for the doctors.

The same radiation specialist who advises patients to save their old chest X-rays does not think it would be a good idea for everybody to have a stomach X-ray. Why? Because stomach X-rays take time, cost money; and there aren't enough specialists around to handle it on a population-wide basis.

Some blood tests do show up cancer. But they also show up other things.

"Madam," an obstetrician solemnly told one of his patients not long ago, "you either have cancer or you are about to have a baby."

"So long as it's not both," sighed the woman, who was in her eighth month of pregnancy.

Besides late pregnancy, blood tests that disclose cancer also may be revealing a simple case of influenza. Sometimes the same blood tests won't show cancer at all, even though the patient may be riddled by the disease.

One way of testing the blood for cancer is to take a sample of the patient's blood and shoot it into some cancer tissue that may have been taken from another patient, or grown in the laboratory. If the blood reacts against the cancer, that means something in the blood is trained to fight the disease—which might also mean the patient has it.

The common danger signals of cancer, which have been publicized far and wide, do not necessarily mean that cancer is present. The best idea, doctors agree, is to have routine physical checkups at intervals of no more than a year—even if you feel fine.

An official of the American Cancer Society says, at any rate, that, given a better break in the field of detection, doctors could cure two more cancers for every one they cure now.

Farmers National Bank To Have "Open House" Sat.

Continued from Page One

The basic lines were retained, including the beautiful winding stairway its contains.

When the coming of the Fairless Steel Plant to this area was announced, it was at once obvious that no mere shifting of facilities around inside the walls of the old building would take care of the tremendous expansion which would result when new industries brought scores of thousands of new residents to the community.

Every effort has been made by the architects in charge to preserve the grace and beauty of the original building, while incorporating it into a much larger structure that would give the bank the space it so urgently needed.

One of the early functions of the Farmers National Bank which is not now considered by the public to be a banking responsibility at all was the issuance of money.

During its life up to the time of the Civil War, Farmers National Bank issued many thousands of dollars worth of bank-notes. Although this was in a period of wildcat currency, with shinplasters and other unsupported paper money costing the public a heavy loss, Farmers' National Bank kept its own credit sound and was able to pay off every piece of its currency at face value. In some instances, bank notes were redeemed as much as eighty or ninety years after being issued.

Part of the bank's display is a collection of various issues of these bank-notes, together with other curiosities and relics in the form of currency of different periods.

Visitors will be given a souvenir booklet containing a history and description of the bank, with many pictures of the new and old quarters.

A feature of this booklet is a large regional map showing recent improvements in the area and others soon to be started, together with a collection of street maps of Bristol, Croydon, Fairless Hills, Levittown and Bensalem township.

NOTICE

Pursuant to the provisions of the Act of June 25, 1947, P. L. 1145, No. 481, its supplements and amendments, Notice is given of the intention of the School District of the Township of Bensalem, Bucks County, Pennsylvania, to enact a Resolution providing for the imposition of a monthly tax of Five Dollars ($5.00) per trailer upon the use of all house trailers which are situated or located within the said School District and are regularly occupied or used for dwelling or business purposes for a consecutive period of fifteen (15) days or more.

A copy of the proposed resolution is on file at the office of the Secretary of the said school district in the high school building at Cornwells Heights, Bucks County, Pennsylvania, where the same is available for public inspection.

The reason which, in the judgment of the officials of the School District of the Township of Bensalem, Bucks County, Pennsylvania, necessitates the imposition of the tax is the need for additional funds for general school purposes, due to the increased cost of the operation of the school district, and the belief that persons residing in trailers located within the school district or using trailers for business purposes should bear a share of the cost of operating the school district.

The amount of revenue estimated to be derived from the said tax is Twelve Thousand Dollars ($12000.00) per annum.

The aforesaid resolution will be presented to the Board of School Directors of the said school district, for final action thereon, at a meeting of said board to be held on Wednesday, May 14, 1952, at eight o'clock p. m. in the high school building of said district located on the Frankford-Bristol Turnpike, at Cornwells Heights, Bucks County, Pennsylvania. The resolution, if enacted, and the tax imposed thereby, shall become effective on July 7, 1952.

By Direction of the Board of School Directors of the School District of the Township of Bensalem, Bucks County, Pennsylvania.

WILLIAM F. ABEL, Secretary.

NOTICE

Sealed proposals will be received by the Commissioners of Bristol Township, Bucks County, Pennsylvania, up to 12:00 o'clock noon, and will be publicly opened at 8:00 o'clock p. m. on May 14, 1952, at meeting of said Commissioners to be held at the Edgely Fire House in said Township for the disposal of the following Township Equipment: One Farmall Tractor and Mower;; One Caterpillar Tractor and Snow Plow. Bidders may inspect the equipment at the Township Garage, Linton Avenue and State Road, Croydon, Pennsylvania. The said equipment will be sold in the condition in which the same exists on May 14, 1952, without any representations, warranties or guarantees as to the condition thereof.

Any bid submitted may be withdrawn at any time prior to 8:00 o'clock p. m., May 14, 1952.

The Township will receive separate bids for the purchase of any one or more of the above articles, and each bid shall identify the article bid upon and shall be accompanied by certified check to the order of "The Township of Bristol" in the full amount of said bid. Any person desiring to bid for the purchase of more than one of the said articles shall submit a separate bid and a separate certified check, as above directed, for each article bid upon.

The Township reserves the right to reject any or all bids, and if any person submits bids for more than one article, the Township reserves the right to accept the bid or bids on one or more such articles and reject the bid or bids on the other or others, or may accept or reject all bids so submitted by such person.

The successful bidder or bidders shall, within ten (10) days after the contracts have been awarded, remove the said equipment from the Township property.

The successful bids, if any, will be awarded at the meeting aforesaid.

Proposals must be sealed and marked "Township Equipment", addressed to Bristol Township Board of Commissioners, c/o Elwood A. Britton, Secretary, Mounted Route, Bristol, Pa. The Commissioners reserve the right to reject any and or all proposals.

ELWOOD A. BRITTON
Secretary.

Music Festival for Club To Feature Guest Group

A choral group from George School, Newtown, will appear before members of the Travel Club and their guests tomorrow afternoon at two o'clock in the club home, on the occasion of the annual music festival. The program will consist of both vocal and instrumental music ,and will be under the leadership of the school's music director, Robert Steele.

The program has been arranged by Mrs. John A. Moyer, chairman of the music committee of the club.

Tea will be poured by the hostesses of the afternoon, Mrs. Melvin L. Cox and Mrs. Russell W. DeLoig.

To arrange for publication of weddings, telephone The Bristol Courier, Bristol 846, or your news correspondent, notifying at least a few days in advance the date of ceremony.

Engagement announcements must be submitted in writing at the Courier office.

Mr. and Mrs. Harold Dawson, Pennndel, and Mr. and Mrs. John Miller and son, Hatboro, were Monday dinner guests of Mr. and Mrs. Claude Hearn, Third avenue.

Ladies' Aid members of Zion Lutheran Church will meet this evening at eight o'clock at the home of Mrs. Fred Veigel, Croydon.

A girl was born to Mr. and Mrs. Neil McDevitt, 931 Garden street, at Harriman Hospital on April 27th. The baby weighed 7 lbs., 4 ozs. Mrs. McDevitt is the former Miss Patricia McGlynn. The baby has been named Patricia Ann.

A boy was born to Mr. and Mrs. Nicholas Mancini, 1108 Wood street, in Harriman Hospital, April 27th. The baby weighed nine pounds. The mother's maiden name was Anna Franceschini. The baby has been named Nicholas.

A dinner party was tendered Mrs. William C. Johnston, 615 Beaver street, Tuesday evening at Flannery's Restaurant, Penndel. The affair was arranged by co-workers in Mrs. Johnston's department at Rohm & Haas Company plant, it being a farewell function, as she is relinquishing her position after 10 years employment. Covers were arranged for 10.

Today's Quiet Moment

Selected by the Rev. E. Clarendon Hyde, Vicar Grace Episcopal Church, Hulmeville

Beloved, do not be surprised at the fiery ordeal which comes upon you to prove you, as though something strange were happening to you. But rejoice insofar as you share Christ's sufferings, that you may also rejoice and be glad when his glory is revealed. If you are reproached for the name of Christ, you are blessed, because the spirit of glory and of God rests upon you. But let none of you suffer as a murderer, or a thief, or a wrongdoer, or a mischief-maker; yet if one suffers as a Christian, let him not be ashamed, but under that name let him glorify God. For the time has come for judgment to begin with the household of God; and if it begins with us, what will be the end of those who do not obey the gospel of God? and

"If the righteous man is scarcely saved, where will the impious and sinner appear?"

Therefore, let those who suffer according to God's will do right and entrust their souls to a faithful creator. I Peter IV 12-19 (Revised Standard Version).

Steel Crisis is In A Confused State

Continued from Page One

control until it decides if Mr. Truman's seizure was legal.

Appellate Chief Justice Harold M. Stephens and three others dissented with a one-sentence statement:

"We are of the opinion that the government has made no showing whatever which would justify this court in staying Judge Pine's order."

Perlman argued that the anti-seizure order "jeopardizes and imperils national defense," and promised:

"We can get the men back to work. We can get them back before the furnaces get cold."

Assistant Attorney General Holmes Baldridge who pleaded before Judge Pine that the President had "inherent powers" to take over the industry, told the Appeals Court the strike is costing 300,000 tons of steel a day.

Baldridge asserted: "This strike will be catastrophic unless something can be done to get the men back to work."

Meanwhile, two senate committees continued hearings on the steel controversy.

Industry spokesmen are to appear before a judiciary subcommittee, headed by Sen. Smith (D) N. C., to argue against the legality of the seizure, and industry negotiator John Stephens is to testify before the banking committee on wage price controls legislation.

General Custer and 276 men were massacred at Big Horn, Mont., June 25, 1876.

The Steel Case Decision

Continued from Page One

turned out to be just what they were in this case, the pretended right to do something just because he wanted to, without regard to the Constitution and the laws.

Also given a well-deserved jolt is the long existing practice of a president assuming that it is all right for him to do things which would otherwise be improper, if he just goes through the hocus-pocus of "declaring an emergencp".

Fundamental among the concepts upheld by Judge Pine were the age-old principle that government by law is freedom, government by man is tyranny. Another elemental concept he vindicated is the often-forgotten (in recent years) belief that "the Federal courts are the watchdogs of the Constitution."

Included in the opinion, though not part of the legal argument in it, was a sharp rebuke to the Administration for its antipathy to the Taft-Hartley Labor Act, which led Mr. Truman to decline to invoke the "cooling-off" parts of this act to meet the "emergency" he described as resulting from the threatened steel strike.

The reasoning of the Administration, the judge said, "presupposes that the Labor Relations Act, 1947, is inadequate when it has not yet been tried, and is the statute provided by Congress to meet just such an emergancy."

And last but not least, Judge Pine upheld another of the great principles of the republican form of government, a principle which represented the achievement of many generations of freedom-loving mankind — the principle that Congress, as the direct representatives of the American people, and not the President, is the law-writing and policy-forming branch of the government.

All in all, for the believers in freedom, self-government and a representative republic under the Constitution, Judge Pine really did a notable day's work when he delivered this momentous opinion.

"WASHINGTON REPORT"

By FULTON LEWIS, JR.

(Copyright, 1952, King Features Syndicate, Inc.)

WASHINGTON, May 1 — Saddened Illinois Democrats are far from comforted by the political pinwheeling of Senator Paul Douglas. After the departure of Gov. Adlai Stevenson from the national political arena, an act classified as cruel and inhuman treatment of desperate politicians, Douglas, without being asked, blurted out his fondness for candidate Estes Kefauver, the coonskin senator from Tennessee.

Democratic boss Jacob Arvey and his Illinois political machine playmates merely groaned. Douglas had almost squared the circle. He had first advocated a joint nomination of Gen. Dwight Eisenhower, but when the proposal was greeted with universal silence, he switched to Gov. Stevenson.

Neither Eisenhower, Stevenson nor Kefauver has shown any great enthusiasm for Douglas' praise, although Kefauver did say thanks. It appears they all feel Douglas lacks consistency so there is no use in embracing him until he stops spinning.

Douglas has about as much chance of being the nominee as President Truman has of being asked to submit to a party draft here in July.

The same machine politicians who informed the President that he would not be needed for the 1952 campaign are known to regard Kefauver as a political creep just short of being a twin of former vice-president Henry Wallace, the yogi expert and current chicken farmer.

Douglas is held in the same esteem. Both Douglas and Kefauver like to break bread with something known as Americans for Democratic Action. This is a sort of rich man's club of refugee New Dealers who got wealthy worrying about the downtrodden masses. It is about on a par with a collection of crackpots ranging from Russian style revolutionists to bobby soxers from Eastern girls' schools. Mrs. Eleanor Roosevelt; Leon Henderson, former boss of the office of price administration, and Fair Deal columnist Marquis Childs are considered heavy thinkers in the ADA league. That should be all you have to know.

Douglas, of course, is an ADA darling. So is Kefauver. And, because of its desire to spread the collectivist doctrine, the ADA practically simpers at the thought of getting one of their boys in the White House, or at least in th vice-president's seat. If they could accomplish this, the big city machine bosses would get axed faster than heads rolled in the wake of the French Revolution.

A week in the mid-west showed me that there is less talk among Democrats there about an individual candidate than there is about who is going to control the party during the next four years. Even if their party is licked, the Democrats with political savvy know that whoever becomes the party leader — and in all probability it will be the man who gets the party nomination here in July — will call the shots and build the machine for the comeback.

For this reason, a series of back room conferences here, in New York, California and in Washington are under way. Frank McKinney, chairman of the Democratic National Committee and the man who took the bad news to President Truman, is swing man for the big city machine bosses. He passes along word of party decisions and pitches national committee propaganda to fit the needs.

When the big bosses decide on the Democratic man of the hour, McKinney will be the first to know. And the decision won't be based solely on the man who might be able to beat Senator Robert A. Taft, Eisenhower or whoever gets the GOP nomination. It will be a selection best suited to keep party control in the hands of the bosses, even if forecasts of a shellacking next November are correct.

President Truman, of course, was the best possible candidate for the political bosses, except for the fact that distaste of him personally had reached such gigantic proportions in the country. But he is dutiful, loyal and tractible to the machines. The search is for someone exactly like Mr. Truman but with a record of higher intellectual capabilities.

For this reason, Douglas and Kefauver give the Democratic big shots nervous stomachs. They are both guilty of displaying desires to allow Wallace-type Democrats to run their political lives, or even worse, of failing to understand the problems of the bosses.

HEALTHY LOOK

PARIS (INS) — Parisiennes are busy preparing their "spring faces". According to Paris make-up experts women should look "healthy" this year. A healthy looking complexion with flower-like cheeks and a full, bright, shiny ripe cherry mouth will be the new poetical beauty code.

St. Mary's Hall

BURLINGTON, N. J., May 1—Visitors at St. Mary's Hall May festival on May 16th and 17th, will have the unusual privilege of hearing Mrs. Florence T. Reeves.

Mrs. Reeves, in her lectures, gives unique interpretations to the masterpieces of religious art that are to be found in the foremost galleries of the world. Widely-traveled and diligent in her studies and research, she has seen the most famous and some of the least known religious art treasures. To accompany the illuminating appreciations that she gives in her talks she has gathered more than 1600 color slides.

She has been successful in the teaching profession and has been director of the American School, Lovetch, Bulgaria. She lived in Rome, Italy, four years, and has made extensive visits to 20 other countries.

Bristol Township Elementary School

The pupils of Miss Engelke's 3rd and 4th grade and Mrs. Lloyd Bucher's 4th grade of the Maple Shade School left the school on Saturday morning in a school bus for a trip to Philadelphia. They observed all forms of transportation along the Delaware River.

Their first destination was Independence Hall where they were allowed to touch the Liberty Bell. They also saw the silver pen and ink stands used in signing the Declaration of Independence. The guide explained many things to them and encouraged them to ask questions.

The second stop was the Franklin Institute where the group visited the Fels Planetarium. There they saw "The Creation of the Universe." This room was astonishing to most of them who were there for their first visit.

At noon lunch was partaken of.

In the remaining time they toured the Institute, and saw the National Guard parade which formed on the Benjamin Franklin Parkway.

Lawrence and Thelma Conley have entered fifth and 6th grade, coming from Pennsbury Schools. Glenn Conley has entered 2nd grade in Newportville, coming from Pennsbury Schools. Geraldine Christiansen has re-entered township school after having been enrolled in Philadelphia schools for a short time.

The children of Miss Griffee and Mrs. Kates' room have purchased world globes with the money they had earned by the banner award of the P. T. A.

Edward Hibbs and Charles Shagg displayed their Indian suits and entertained the third grade with an Indian dance.

Council Rock District

NEWTOWN, May 1 — "Bobby" Kirk is exhibiting a project showing how light is affected by different lenses and mirrors. It is mounted on a plywood base, 30 x 20 inches, and is illuminated by four bulbs mounted on the black.

Winsor Eveland is exhibiting a project showing different systems of a cow constructed out of modeling clay.

Keith Eveland is exhibiting a project made of modeling clay showing different parts of a volcano. It has an elevation of about 13 inches with a plywood base of 30 x 18 inches.

The science fair will start Saturday and continue for a week. This is the fourth annual science fair held at the Franklin Institute, Phila. The projects will be judged next Friday at 6:30 p. m. and and prizes will be awarded on May 5, at 8:30 p. m.

Almost every form of science is being exhibited by students of Philadelphia and the surrounding counties. The exhibitors are pupils from public, parochial and private schools.

Council Rock high school open house will be held May 9th from 1 until 7 p. m. and from 7 until 10. Everyone is invited. There will be refreshment and entertainment booths.

The 1952 class of Council Rock will hold services as follows: Class Night, in the high school auditorium, May 23; Baccalaureate services, May 25, the Episcopal church. Commencement activities the evening of May 26, at the high school.

Pennsbury District

LOWER MAKEFIELD TWP., May 1—The officers and sponsors of the student councils of Collingswood, Bristol and Bensalem high schools will visit Pennsbury high school on May 14. They will arrive at 10 o'clock and have a full schedule of activities.

At 10.20, they will view a campaign assembly for presidents of the student council; 11.15, will be guests in the cafeteria; 11.45, will attend a student council meeting; 12.45, see a "movie" shown for the junior class; a tour of the building from 1.40 to 2.35.

Members of the boys' cooking class and cooking club will prove that men are the better cooks. They have planned a menu and will provide the refreshments for Pennsbury high school "open house" on May 6th. Parents are invited to visit the new school building.

The boys will also serve refreshments in the home economics suite. Mrs. Margaret Uhler and Mrs. Jean Torongo are advising the boys in their work.

Pennsbury Drama Club presented "Tobacey Road With Detours," along with two skits and a monologue at an exchange assembly at Bensalem, on Apr. 29. The play was strictly a "hillbilly" comedy. The characters were: Tom Kafes, as Pa, a shiftless, no good "skonk;" Sybil Magid, as Americy, one of Pa's cruddy daughters; Jackie Purcell, as Sonny Gal, the tomboy of the clan; Linda Bishop, as Tennisy, another onery daughter; John Perestam, as Willie Joe, Americy's boy friend, who has too many teeth to suit Pa.

"Betty" Carter presented a monologue entitled "Weary Willie," and Howard Wood presented two skits, "Over the Hill to the Poorhouse," and "I Don't Care."

Pennsbury girls of the Sub-Deb Club modeled gowns at a fashion show on April 24th, in the auditorium. Participants included: Delores McGee, Nancy Bixler, Myrna Neeld, Helen Pinnele, Veronika Kruger, Patricia Davis, Gay Warburton, Joan Titus, and Audrey Harrop.

Election time has rolled around at Pennsbury high school. Loring Bixler and Veronika Krueger have entered their names as candidates for office of president of the student council. Both have received petitions which require at least 30 signatures. After the candidates have their followers, party rallies will be held to select the vice-president, secretary, and treasurer for their ticket.

Pennsbury's first annual choral festival will be held on May 2nd, at Pennsbury high school auditorium at eight o'clock. Featured with the high school chorus will be a small ensemble, trio, and quartet. At present the chorus is rehearsing at the War Memorial building, Trenton, N. J., for a program on May 29th.

Newportville Girl Scouts Are Ushers for Program

NEWPORTVILLE, May 1—Newportville Girl Scout Troop No. 21 left Saturday morning for a theatre at Doylestown. Transportation was provided for 25 by Mr. Kilpatrick, Mr. and Mrs. Clarence Oldham, Mrs. Shermer and Mrs. Horace Phy. Mrs. Phy's machine transported the senior patrol early as they had been chosen as ushers for this Juliette Low occasion.

Sandra Traber was chosen to present an envelope containing $10 for the Juliette Low Fund. These envelopes were placed in a replica of the Girl Scout Chalet at Switzerland.

A program was presented to the scouts.

Mrs. John Lowris and Mrs. Albert Peters, leaders, accompanied the following girls: "Connie" Beecher, "Betty" Blush, Lynn Kelly, Patricia Kilpatrick, Janet and Thelma Marra, Margaret MacFarland, Margaret Nielsen, "Kathy" Oldham, Jeanne Peters, Gertrude Schemeley, Marie Winder, "Winnie Lou" McCurdy, Sandra Traber, Marjorie Cameron, Anna Phy, Jane Gloyd, Diane Shermer.

The girls took their lunch with them.

Personal
To Women With Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

"Varieties" Prove Very Delightful Entertainment

PENNDEL, May 1 — The crowd which assembled in the Casino, here, on Tuesday, for "Grace Church Varieties of 1952," was most enthusiastic in its reception of the numbers.

The affair was sponsored by the Young Adults as a benefit for the building fund of Grace Church, Hulmeville, and was directed by Harry and Gerry Holly (Mr. and Mrs. Harry Holly), of Bensalem township.

Divided into two portions, one section was composed of professional acts; the other included numbers given by amateur performers.

Penndel String Band opened the three-hour show, their quintet of selections being: "O Dem Golden Slippers," "I Love the Sunshine of Your Smile," "Any Time," "Take Me Out to the Ball Game," and "It's a Grand Old Flag."

Other program numbers: Indian dance, "Peggy" Sylvester, Lynn Pross, and a third dancer; vocal soli, "Neapolitan Nights" and "The Gypsy Love Song," Mrs. Elwyn Neitzel and Miss Adeline E. Reetz, Hulmeville; Hawaiian dance, "Margie" and Susan Perpente; story of "Albert and the Lion," the Rev. E. THE GREAT GAME OF POLITICS

By FRANK R. KENT

A Free Man Needed

WASHINGTON, May 1 — Mr. Allan B. Klein, president of the American Farm Federation (1,500,000 members), a few days ago urged a Senate committee to reject the bill of Senator Robert Kerr (the millionaire Oklahoma aspirant for the Democratic presidential nomination) to guarantee the farmer a profit on everything he raises to sell. The reason given was that that would be bad for the farmers and bad for the country; that it would inevitably compel a 100 per cent general price ceiling and end in an utterly undesirable socialistic state.

This stand was so unique as to be startling. It showed the spokesman for a great group of voters rejecting the proposal to increase its Federal subsidies at the taxpayers' expense. Mr. Klein took the view that farmers are also taxpayers and that this 100 per cent of parity guarantee plan is silly and would be disastrous — that it would add greatly to the cost of government and to the size of the national debt. At the same time, it would adversely afflict not only recipients of the increased subsidy but also nonrecipients. So far as known Mr. Klein is the first representative of one of the so-called "pressure groups" ever to pass by an opportunity to get more Treasury money. For 18 years, the invariable custom has been to grab everything in sight and yell for more.

Mr. Klein's words are thought-provoking, indeed. They mean that at least one leader of a favored organization is clear-headed enough to see danger to all when the point is reached where one of every nine persons in the country is receiving Federal funds in one form or another. This may mark the end of the era of reckless giving away of the people's money. There may be other bosses of "pressure groups" who feel like Mr. Klein and will follow his lead. On the other hand, it may not appeal to less enlightened men, and the Oliver Twist demand for more and more will continue to drive candidates and congressmen to ruinous extremes for voting support. In any event, the Klein refusal to support a measure increasing a subsidy for his 1,500,000 farmers will give encouragement to all men who believe this gigantic "handout" game cannot continue to be played longer without national economic collapse.

Certainly, it gives substance to the argument that so far as the interests of all the people are concerned the most desirable quality for the next President is complete freedom from any link, tie, bond or obligation to any organized occupational, racial, religious or regional minorities. We have had no such President since 1932. On the contrary, for twenty years the dominant party has based its political power upon these minorities. It has run the country in their interests rather than that of the great majority of us who do not belong to them. It has poured out billions in gifts and subsidies. It has showered governmental favors and support upon organized labor until it has become the outstandingly favored class.

In the last year, with the country facing its gravest crisis, the Truman administration encouraged the labor unions in numerous strikes and slowdowns in key plants with defense contracts. Months ago various authorities pointed out that this directly promoted inflation and already had increased the cost of the defense effort by twenty per cent. The climax came when, ignoring all warnings, Mr. Truman threw his influence on the side of the CIO steel union, indorsed their wage demands and seized the steel plants. His action was clearly political. It caused the resignation of his war mobilizer, Mr. Wilson, and widespread indignation in congress and the country. The subserviency with which the President yields to the labor bosses is the more flagrant when contrasted with his appeal to the rest of us for still further sacrifices in the form of taxes.

Most of the American people do not belong to labor unions, but all of them (including those who do belong) do pay taxes. And no one, rich or poor, union or nonunion, but is adversely affected by inflation. Consistent administration support of the labor bosses is unashamedly political. It is the chief cause of inflation, the chief reason for the dragging defense effort, heavy taxes and the high cost of living. The need of the nation for an executive not obligated to take the labor-union side, regardless of the interests of the rest of the country, is certainly clear. Yet, there seems slight chance of getting a man thus free out of the Democratic convention. Any candidate nominated there with Mr. Truman's support must be "cleared" through the CIO bosses just as Mr. Truman himself, on order of the late Mr. Roosevelt in 1944, was "cleared" through the late Sidney Hillman and Mr. Philip Murray.

The newest aspirant to announce himself — Mr. Averell Harriman, now backed by the big New York delegation — is not only New Deal and Fair Deal to his elegant eyeballs but as strongly pro-labor boss as Mr. Truman. In fact, the only Democratic candidate not satisfactory to the labor bosses is Senator Richard Russell, of Georgia, who, though the ablest of the lot, can't be nominated because of the Negroes in the pivotal states of the North who, in the last four elections, have contributed essential support to the Democratic ticket.

Name New Chairman; Give Red Cross Service Awards

NEWTOWN, May 1 — At the annual meeting of Lower Bucks County Branch, American Red Cross, held April 22nd at the Temperance Hose, officers for the coming year were elected. They are: Chairman, Mrs. Arnold Pierce, Yardley, who succeeds Mrs. David Watson; Vice-Chairman, Mrs. Carlton Leedom, Yardley; Secretary, Mrs. Stephen Miller, Newtown, Treasurer, Herbert Walker, Langhorne.

Service pins for years of continuous volunteer service in Red Cross were awarded to members from Bristol, Langhorne, Morrisville, Newtown and Yardley.

The awards were given to the following:

For 35 years service — Miss Frances Landreth, Mrs. Floyd Pratt; 30 years service — Mrs. Thomas Stockham; 25 years — Mrs. Russell DeLong; 10 years — Mrs. Adolph Ancker, Mrs. K. Wisler, Mrs. Thomas Everist, Mrs. Millard Smedley, Dr. A. J. Strathie, Mrs. D. Barker Cook; 5 years — Mrs. Paul Forster, Mrs. Howard Price, Mrs. Julius Sobel, Mrs. Alfred Thompson, Mr. Herbert Walker, Mrs. Fred Watts, Mrs. David L. Watson.

Mrs. David L. Watson, retiring chairman, was presented with a certificate for outstanding work during the past two years.

George A. Nevin, director of fund raising activities for S. E. Penna. Chapter and formerly a Red Cross field director of the South Pacific area, was the principal speaker. Before taking up his topic for the afternoon which was "Our Part in International RedCross", Mr. Nevin gave a few interesting figures. He said nation-wise Red Cross had reached 88.2% of its fund goal but the chapter figure was only 58.1%. It is estimated that 37 million dollars will be spent on disaster this year, whereas the average is 7 million.

The present flood has left parts of 16 states devastated, and 31,000 families homeless and dependent on Red Cross. To meet this need, an additional 22.9% of the fund quota must be raised.

In speaking about the International Red Cross, Mr. Nevin explained that the board of directors of the International organization is made up entirely of Swiss citizens. The reason for this is obvious if one realizes that in the past 900 years Switzerland has not been involved in war. Under the Geneva Treaty International Red Cross has three responsibilities (1) service with the armed forces, (2) service at the time of disaster, and (3) home service. Mr. Nevin developed these three services and explained how each worked internationally. An interesting fact he brought out was that Canada was the first country to have a national blood program; Holland was second; and the United States, third.

"Constructive Breeder Award" Given Rapuano

For distinguished success as a breeder of Ayrshire dairy cattle, Michael Rapuano, Reidina Farm, Newtown, has been presented the "Constructive Breeder Award" by Ayrshire Breeders' Association.

In order to qualify for this honor, which is considered the most coveted prize in dairy cattle circles, it is necessary for the herd to excell in production and type, and in addition, a high percentage of the herd must have been bred and developed by the owner. The herd has been given an official classification score of .871, which places it among the top 10% of the breed on type characteristics. There were 12 "Excellent" which is the highest rating given any Ayrshire, 14 "Very Good" which is the second highest rating given.

On a strictly twice-a-day milking schedule, the entire herd of 36 head averaged 10645 lbs. of milk. No less than 89% of the herd has been bred or owned by Rapuano for at least four years.

Neshaminy Par First, a 13 year-old owned by Michael Rapuano, Newtown, has completed an actual production record of 11720 lbs. of 3.8% milk and 448 lbs. of butterfat in 305 days on a strictly twice-a-day milking schedule. According to C. T. Conklin, executive secretary of the Ayrshire Breeders' Association, this record is equal to 13267 lbs.of milk and 507 lbs. of butterfat when figured on a mature equivalent basis. The record was made in accordance with the rules of the Ayrshire Herd Test Plan.

The Ayrshire Breeders' Association Herd Test Program is recognized and used by Ayrshire breeders from coast to coast. Monthly production tests are made and supervised in cooperation with the Extension Department of the State Agricultural College.

Refreshments were served.

Anniversary Thoroughly Enoyed by Church Folk

CROYDON, May 1—The banquet, celebrating the 23rd anniversary of Wilkinson Methodist Church, was held Saturday evening. Several former pastors were seated at the speakers' table. Table decorations consisted of yellow and orchid candy-filled baskets and cut flowers. The other tables held potted plants.

A catered dinner consisted of: tomato juice, baked ham with raisin sauce, potatoes au gratin, string beans, cole slaw, applesauce, rolls, tea, coffee, and apple pie.

The Rev. Mr. Heim addressed the gathering and read a letter from the Rev. John Bartram, a former pastor.

Vocal soli were rendered by Miss Dolores Maul, "Italian Street Song," and "Kiss Me Again." Mrs. Ann Hedricks Higgins rendered a piano solo, "Deep Purple."

The group then adjourned to the church, where the following program was presented: Remarks, the Rev. Charles Yrigoyen; "The Goodness of the Lord," choir; remarks, the Rev. George Lurwick, the Rev. Henry Heavener and the Rev. Vernon Murray, former pastors.

The guest speaker was the Rev. Price Collins, pastor of Johnston Memorial Church, Mayfair. He spoke on church organization, likening each one to a spoke in a wheel, the hub of the wheel being Jesus Christ. One hundred attended. Two vocal soli were given by Mrs. Frank Castor, "Perfect Day" and "Evening Prayer."

ALBUQUERQUE (INS)—An hour after the city safety chairman told his committee that municipal employe accidents should be reduced, motorcycle Patrolman John Moore spilled his two-wheeler trying to avoid a car and raised the total another notch.

HORSE SHOW AND COUNTY FAIR TO BE HELD IN MAY

DOYLESTOWN, May 1 — The seventh annual Bucks County Horse Show and Country Fair will be held this year on May 15, 16, 17 and 18, on the Doylestown Fair Grounds, for the benefit of the A. R. Atkinson, Jr. Post of the American Legion.

The Doylestown post veterans are working hard to make the 1952 show one of the most successful in the history of the organization, and with many new persons affiliated with the show plans, the advance picture indicates success.

The fair grounds will be in first-class shape for the show this year, with a number of improvements now under way.

Evening programs this year are scheduled for Friday and Saturday nights, May 16 and 17, according to Edward J. Worstall, president of the horse show association.

Other show officers include Mrs. John Ross, secretary and show secretary; Gerald C. Lodholz, treasurer, and Robert L. Walter, Jr., assistant treasurer.

The Bucks County Horse Show is rated "A" in the hunter jumper division, and entries from many outstanding stables will compete. Saddle horses will be represented by local entries in the three and five-gaited classes, walking horse class, local pleasure horse class and local children's class.

Plans are being completed for the junior division to be shown on Saturday morning, starting with the pony jumping class at nine a. m.

Judging will be done by J. North Fletcher, Warrenton, Va.; Charles J. Barrie, Teaneck, N. J.; Richard E. McDevitt, Phila.; Louis J. Collister, Gates Mills, O. The steward will be John Denny, of Philadelphia.

The horse show committee will be host at a buffet supper and dance in honor of the exhibitors, at the Doylestown Country Club on the evening of May 15.

Entry blanks for the show can be secured from Mrs. John Ross, Doylestown, RD 2.

WOMAN IS ENTERED IN THE 150-MILE "GRAND NATIONAL"

LANGHORNE, May 1 — The feminine touch has been added to the 150-mile Grand National Circuit championship, late model stock car race, scheduled for the famed Langhorne Speedway Sunday afternoon, with the entry of Louise Smith, of Greenville, S. C. Although she is the lone female entered in the grind, Miss Smith asks nor will she receive any special privileges for she is a qualified driver and also an owner of stock cars.

Miss Smith has two late models entered in the 150-mile championship grind at Langhorne. The Nash will be piloted by herself with the veteran E. C. Ramsey taking over the second entry, a Ford. Piloting late model stock cars around the leading raceways is not new to Miss Smith. Her record compares favorably to many of the top performers in the nation.

All of the winners of Grand Nation Championship staged since early February have submitted entries for the Sunday title grind. This group includes Herb Thomas, defending champion, who took the N. Wilkesboro event; Dick Rathman, of Los Angeles who won the Martinsville race; Bill Blair, winner of the Lakewood title; Tim Flock, the West Palm Beach winner; Buck Baker, winner of the Columbia run, and Marshall Teague, popular Daytona speedster, who annexed the championship race staged at Jacksonville in February.

Co-promoters Irv Fried and Al Gerber anticipate the greatest late model stock car event ever staged at the Bucks County track. Sunday's field will be the largest and fastest field ever presented locally. Qualifying trials will be staged Saturday afternoon and starting positions in the 150-mile title grind will be awarded accordingly.

MAGNIFIED CROSS-SECTION SHOWS SELF-CLEANING PROCESS

1. All paints collect dust and dirt during the first few months.
2. With Du Pont House Paint, a fine white powder forms after a few months on surfaces exposed to sun and weather.
3. Rains wash off this powder—and with it, much of the accumulated dirt and grime.
4. Self-cleaning leaves surface clean and white . . . keeps it sparkling white for years. This cleaning process is gradual and does not adversely affect the long life of the paint.

DU PONT HOUSE PAINT cleans itself!

Your house *stays* clean and bright when it's painted with Du Pont House Paint. Made of specially blended pigments and oils, this unique paint actually *sheds dirt and dust with every heavy rain!* Normally, the "Self-cleaning" starts within a few months. However, excessive soot or heavy shade, or stains from metal surfaces such as copper screening, may interfere with or delay this process. Ask your Du Pont dealer or painter to tell you how the "Self-cleaning" process works in your area.

Keep your home looking beautiful years longer . . . insist on "Self-cleaning" Du Pont House Paint. It's available in Outside White or popular tints. And to insure maximum performance of the finish coat on bare wood or badly weathered paint, start with a coat of Du Pont House Paint Primer.

PER GALLON $5.95

FARMERS PLANT OATS FOR NEIGHBOR

Group Aids Herman Moyer, Who Had Been Ill Long Time

PUT IN 11 ACRES SEED

PERKASIE, May 1. — On the sixty-acre farm of Herman Moyer on the Perkasie-Silverdale road, neighbors and passing motorists observed five tractors at work at the same time. Neighbors had known that Moyer had been ill virtually since New Year. They inquired to learn that traditional neighborly spirit of the community was in operation in a most practical manner.

The workers plowed, prepared for seeding and planted 11 acres of oats for their ill neighbor.

The Hilltown Lions conceived the idea and contacted Perkasie Lions, Perkasie Rotarians and the Perkasie Junior Chamber of Commerce with an appeal for financial aid in financing the proposal. All of these organizations readily agreed to "chip in" and a committee was named to employ a farmer to do the work.

The farmer consented but refused to accept pay. Neighboring farmers learned the plan and volunteered with the result that on Monday four tractors were noisily scurrying over the tract and on Tuesday a fifth tractor was added and by Tuesday evening the 11-acre tract was a level expanse of seeded ground, just like hundreds of other acres on other farms of the farm area in the vicinity of Silverdale.

Those who furnished tractors are I. G. Rosenberger, Walter Eckhart, Roscoe Moyer, Fred Hansel, Ralph Schmidt, Ephraim Detweiler and Ira Moyer.

Mr. Moyer is gradually regaining strength and hopes to be able to resume his farm work early during the summer.

Calvin Solla and New England Miss Are Wed

BOSTON, Mass., May 1 — Miss Mary Irene Cleveland daughter of Mrs. Percy LeRoy Cleveland, of Mattapan, Mass., was married to Mr. Calvin Edwards Andrew Solla, son of the Rev. Dr. and Mrs. Andrew G. Solla on Saturday, at eight p. m. The wedding took place in the Old South Church, this city. The nuptial ceremony was performed by Dr. Andrew G. Solla, father of the bridegroom, assisted by the Rev. Theodore L. Clapp, one of the associated ministers of Old South Church.

The bride was given in marriage by her brother, Mr. Donald Cleveland, of Lynnfield Center. The matron of honor was Mrs. Ruth Cleveland, sister-in-law of the bride, and best man, Mr. Robert D. McManigal, Levittown, N. Y. The ushers were Mr. John M. Wardell, Point Pleasant, N. J., and Mr. Harbour Mitchell, Jr., Bryn Mawr, Pa. The best man and ushers were all college classmates of the bridegroom.

A reception was held in the guild room of the church, some 200 people being present. Mr. Solla is a graduate of Lafayette College, Easton, Pa., class of 1950; and the bride is a graduate of Boston University, 1950 class. Both served in the armed forces during World War II. Upon the return from their wedding trip, Mr. and Mrs. Solla will reside at Lynnfield Center.
